Declaration of Marisol Dominguez-Ruiz

1
2 I, Marisol Dominguez-Ruiz, hereby declare:

3 1. I make this declaration based on my own personal knowledge and if
4 called to testify I could and would do so competently as follows:

5 2. I am a Justice Catalyst Fellow at the ACLU National Prison Project
6 (ACLU NPP) and am admitted to practice law in the State of California and before
7 this court. I am one of the lawyers who represent the plaintiff class in this action.

8 3. I serve as a monitor, along with ACLU SoCal counsel, Melissa
9 Camacho, in LA County Jails (Jails). As a monitor, I have unescorted access to
10 each of the Jails so that I can talk to people incarcerated there and observe
11 conditions first-hand.

12 4. On Thursday, February 16, 2023, I visited Men’s Central Jail 6050
13 (MCJ 6050) and the Inmate Reception Center (IRC) after reports by county
14 officials at the Civilian Oversight Commission public meeting held that morning
15 that MCJ 6050 was being used as IRC overflow. I was accompanied by co-counsel,
16 Melissa Camacho, and ACLU SoCal Jails Conditions Advocate, Berklee Donovan.

17 5. I first visited MCJ 6050 from 12:30pm to 2:30pm.

18 6. At MCJ 6050, I saw a row of larger cells that housed four men to each
19 one. I did not see any trash cans inside the cells. I did see plastic bags used for food
20 delivery being used as makeshift trashcans.

21 7. The smell in MCJ 6050 had a strong body odor that I could smell
22 through my KN95 mask.

23 8. I saw three televisions set up in MCJ 6050 but they were not actually
24 broadcasting any television shows. One of the televisions displayed television apps
25 that a viewer could download – almost like a nonstop infomercial. I reported the
26 non-functional televisions to the Watch Commander’s office in MCJ and was told
27 they would have them checked out by logistics.

28

1 9. I took declarations from two class members who reported being
2 brought to MCJ 6050 from IRC because of how long they had been at IRC.

3 10. At around 2:30 I headed over to the IRC. The scene at the IRC was
4 overwhelming and shocking due to the amount of people waiting in the medical
5 clinic area. I was at the IRC on February 16 until about 4 pm.

6 11. I saw roughly 20 men sitting on the floor because all the chairs were
7 full. I saw men sleeping on the floor without a blanket or a mattress. Almost every
8 seat was occupied. I saw about 20 other men walking around the IRC Clinic area.

9 12. I noticed the televisions working at the IRC and the volume was loud.
10 It added to the intense atmosphere.

11 13. The IRC smelled of strong body odor and feces, again, I could smell
12 it through my mask. I checked at least one toilet in the medical clinic area and it
13 flushed. However, I noticed feces smeared all over the toilet bowl which added to
14 the pungent aroma in the air.

15 14. I saw many people with their hands inside their clothes for body
16 warmth because of the cold temperatures and lack of blankets. I felt cold even with
17 my jacket on.

18 15. I saw someone an older man strapped to a gurney, wrapped in a
19 blanket, who seemed immobile and was reportedly there for over 24 hours. He
20 appeared to be around 40-60 years old. I did not speak to him because he seemed
21 to be asleep. I saw him semi-awake, around 3:20pm, when medical staff checked
22 him and gave him pills. He remained strapped to the gurney during that brief
23 interaction.

24 16. I spoke with a class member (Booking #6550753) who showed me a
25 bone popping out of his shoulder and he said that he had not received any medical
26 attention or pain medication. He reported being at the IRC for 2 days.

27 17. I spoke to multiple class members and asked how long they had been
28 at the IRC. The responses ranged from 10 hours up to four days.

1 18. I walked through the space and saw trash all over the IRC Medical
2 Clinic floor. The trash was often the remnants of food sacks provided to detainees.

3 19. I felt a lot of tension in the room. As I walked through people
4 approached me asking if I could help them out. The most common complaint from
5 people was the amount of time they had been at the IRC and were hungry. I
6 explained to the people the reason for my visit and asked them to call the ACLU
7 Jail Hotline if they had additional complaints about the Jails.

8 20. I heard people shouting they were hungry because they had not yet
9 had lunch, someone said they were ready to “go on strike” because of their hunger,
10 and people started to chant: “WE WANT FOOD.”

11 21. I asked a deputy what was going on with people getting food. I made
12 a note of the time, it was at around 2:45 pm. He informed me that lunch would be
13 delivered in another 2 or 3 hours. It is unclear if the presence of the ACLU
14 triggered lunch to be delivered earlier than usual but trustees were brought in to
15 distribute lunch at around 3:20 pm.

16 22. Shortly after lunch was delivered, I saw trustees sweeping up the
17 trash on the IRC floor.

18 23. One of the people I met at the IRC was declarant John Mayes who
19 had been at the IRC since the previous day, February 15, 2023. He recounted being
20 held at the Santa Monica Police Station since Friday, February 10, 2023, and
21 finally brought to the IRC on Wednesday, February 15, 2023. He reported feeling
22 hungry and anxious.

23 24. A majority of the people reported not knowing when they would get
24 moved to permanent housing or were awaiting a mental health evaluation. I was
25 not able to confirm with documentation.

26 25. I saw a person (Booking #6551656) in holding cell 120 because he
27 kept pounding on the windows to get my attention. The loudness of the IRC and
28 lack of privacy due to the amount of people sitting on the floor near his cell made it

1 difficult to interview him. I saw the letters “KTP” written on the glass of his cell
2 door. This man spoke Spanish and expressed wanting to get out of the holding cell.
3 I saw he was alone in the cell. I asked a deputy about this situation and he
4 explained said that the records showed this person had been there for about ten
5 hours and “KTP” means “Keep The Peace” status. The deputy explained this status
6 is likely due to being involved in an altercation or the possibility of being involved
7 in an altercation. The deputy told me that he would be moved from the holding cell
8 before the 12-hour mark, and pointed to all the trash in the holding cell as proof
9 that food had been brought to the man. I was unable to review documentation of
10 amount of time he had been held in cell 120.

11 26. I spoke to another class member (Booking #6551657) in holding cell
12 108. He reported arriving to the IRC around the evening of February 15, 2023. He
13 told me he had not been seen by a mental health professional and began to cry
14 while speaking with me, he said due to the anxiety of being without his
15 psychotropic medicine. He told me he takes Lorazepam (1mg/2xday) and Effexor
16 (75 mgs/evening) and had not received any medication. He also did not have
17 access to a phone.

18 27. Another class member (Booking #6549884) reported being in his
19 holding cell for two and half days. I was unable to confirm or disprove this with
20 documentation.

21 28. I spoke to another person (Booking # 6540622) in a holding cell and
22 reported receiving one meal since his arrival two days earlier, and had not been
23 seen by a mental health professional. I was unable to confirm or disprove this with
24 documentation.

25 29. One of my last conversations on February 16, 2023 was with a person
26 (Booking #6543296) in holding cell 111 who reported being there for about four
27 days. I was unable to confirm or disprove this with documentation.

28

1 30. I returned to visit the Jails the next day, February, 17, 2023, due to
2 the alarming situation I had witnessed the day before. I arrived to the IRC along
3 with my colleagues, Melissa Camacho and Peter Eliasberg, at around 11:30 am.

4 31. The IRC clinic area was emptier than the day before. I could see seats
5 available for people to sit in one.

6 32. I did not recognize anyone in the IRC clinic area from the previous
7 visit. However, someone addressed me by name before I approached him and
8 asked me to confirm the ACLU Jail Hotline number. I assumed this person had
9 been there during my visit the day before when I provided this information to
10 people.

11 33. I counted four people sleeping on the floor. They were using plastic
12 bags as their cover. I did not see any blankets or mattresses in the IRC clinic.

13 34. I spoke to a class member (Booking #6554033) and he told me he had
14 been there since February 15, 2023. I was unable confirm or disprove this with
15 documentation.

16 35. Around 12:20pm, we headed to the IRC 231 area. I noticed many
17 people in the pods. I recognized John Mayes, who I had met the previous day. I
18 interviewed him in the IRC 231 holding area for a declaration for the Court.

19 36. I headed over to the holding cell area on the second floor of the IRC
20 around 1:10pm. I spoke to people in holding cell 209. This holding cell is marked
21 as the “Hispanic” cell. I counted 10 people inside.

22 37. My colleague, Melissa Camacho, requested time logs for this holding
23 cell area and I saw the logs showing several people had been there for over 12
24 hours.

25 38. I interviewed two people in holding cell 209. I saw at least one
26 person sleeping on a bench and another person was sleeping on the floor.
