1 Declaration of Carlos Martinez Cruz

2 I, Carlos Martinez Cruz, hereby declare:

- 3 1. I make this declaration based on my own personal knowledge and if called
4 to testify I could and would do so competently as follows:
- 5 2. Right now, I am currently housed in IRC 231-D Pod.
- 6 3. I was arrested on Friday, April 28, 2023. I had court that day and I was told I
7 would be brought here to County Jail but that I would be released around 9
8 or 10 pm, that same day. The judge had ordered my conditional release.
- 9 4. Instead I am still here in LA County Jail. Today is Monday, May 1, 2023.
- 10 5. I arrived to the IRC around 7/8pm on Friday, 4/28/23. I was brought up to
11 231 in the wee hours of Sunday, 4/30/23. I spent more than 24 hours in the
12 IRC.
- 13 6. During that time, I was not provided a pillow, blanket, toothpaste, nor
14 toothbrush. It was really cold there.
- 15 7. To get any sleep, I had to sleep on the floor. Other people who were there
16 also had to sleep on the floor.
- 17 8. During this process, I was asked if I have a diagnosis. I told them I have
18 anxiety and I receive medication to help with my rehabilitation from
19 substance use.
- 20 9. For the last six months I have been taking medicine for my anxiety and
21 substance use disorder. My doctor in the community is Wesley Health
22 Center with Dr. Gomez. She is the one who prescribed me 450 mgs of
23 Wellbutrin and an injection of vivitrol. Wellbutrin helps me with my
24 anxiety. I take that every day. The injection of vivitrol is once a month. Due
25 to court dates, I was not able to go last week to the clinic to get my shot.
26 That was the first time I did not get my injection, but it was because of court.
- 27 10. Without my anxiety medication, I don't feel well. My anxiety is at a high
28 level. I have headaches. I feel like throwing up. It does not help that there's

1 so much noise and it smells bad.

2 11. My neighbor spends all day yelling and that does not help with my anxiety.

3 12. The plumbing is not working so that means neither do the bathrooms. We
4 can use the toilet but then all the water seeps out on to the floor. The entire
5 dorm smells like sewage.

6 13. Until I arrived to IRC-231, that was the first time I received a hot meal.

7 When I was in the Clinic, it was only burritos and peanut butter and jelly
8 sandwiches.

9 14. I had an allergic reaction while I was in the Clinic. I'm not sure what caused
10 it. It may have been the peanut butter sandwich. I broke out in hives and I
11 was given a pill – I think it was Benadryl.

12 15. Yesterday evening a psychologist came to visit me and asked me what
13 medicine I take and if would accept a comparable medicine. I said yes. The
14 doctor said I would receive the medicine within an hour. That was yesterday
15 and I still have not receive nor been offered my medicine.

16 16. Aside from the anxiety, my medicine helps me with sleep. I've barely slept
17 here.

18 17. In my current dorm (231-D Pod) it feels hot. I have not been able to take a
19 shower because the plumbing is not working. Yesterday I received my tooth
20 paste and toothbrush.

21 18. During my interview with a nurse at the IRC, I heard when she spoke with
22 my partner, Karla Hernandez, to ask about my prescriptions and prescriber.
23 My partner gave her all the information.

24 19. The nurse said she would put in an order but that did not happen.

25 20. The last time I was here, I also told them about my medicine. The doctor put
26 the order in for my medicine without issue. But since I was released a little
27 later, I ended up not receiving it.

28 21. During my time in the IRC Clinic, there was trash on the floor, there was

1 toilet paper and urine near the toilet. I had to spend all day with that smell.
2 22.I also have asthma. Friday was the last time I received my inhaler to help me
3 breathe. The cold affects my lungs and it's very cold in the IRC. I have not
4 received anything for my asthma since then.
5 23.The ACLU representative, Marisol Dominguez-Ruiz, took my declaration in
6 Spanish and reviewed the content with me to confirm everything.

7
8 I declare under penalty of perjury of the laws of the State of California and the
9 United States that the foregoing is true and correct. Executed this 1 day of May,

12 I, Marisol Dominguez-Ruiz, interviewed Mr. Martinez Cruz in the IRC-231
13 on May 1, 2023, took notes and then wrote up his declaration in Spanish,

6. I have been in this cell for over 16 hours.
