Good Morning,

From TSA, there has been some talk out there in social media regarding planned protests targeting airports and other transportation hubs around the country. In particular the following airports were popular targets: SFO / PDX / PHX / PHL / PBI. See below. Signature Flight services was mentioned specifically.

Regards,

Please BE AWARE – there have been several recent social media postings and plans calling for gatherings and protests at cities across the US – specifically at airports, train stations, and other transportation hub locations. Furthermore, some of these posts have also referred to “private aviation terminals” and even specified “Signature” when discussing possible gathering locations.

Pertinent Information:

- Locations are being determined mainly by received/generated interest.
- As of 20 October 2020 – some of the locations generating increased interest have been SFO / PDX /

PHX / PHL / PBI.

- The intended date/time of these protests in all communications thus far is the morning of Thursday, October 22.

Method of Protest:

- Gathering vehicles on roadways to/from airports and blocking traffic or driving very slowly to impact people's ability to arrive to/depart from the location

Call to Action (ALL US BASES):

- Please immediately reach out to your local airport authority to ensure they are aware of any potential 10/22 protests in the area. Plan accordingly with the airport authority for any additional support as needed if protests occur.
- Please immediately reach out to base tenants and inform them of the possible impacts of getting to/from your location on 10/22 if protests were to occur, and suggest they review their route to the FBO before departing or call ahead of time to minimize impact.
- Please advise your staff:
 - Possible impact to arriving/departing work on 10/22 – similar guidance regarding reviewing routes prior and ensuring protests aren't impacting their intended route
 - To avoid and not engage with any protestors in the area
