SUBJECT: Administrative Operational Compliance Review of *DoDEA Adopted Instructional Resources*
Related to Gender and/or Discriminatory Equity Ideology Topics

To comply with the recent Executive Orders titled "Defending Women from Gender Ideology Extremism and Restoring Biological Truth to the Federal Government" and "Ending Radical Indoctrination in K-12 Schooling," DoDEA is conducting an operational compliance review to ensure alignment with the applicable Executive Orders. As part of this review, *DoDEA adopted instructional resources* potentially related to gender ideology or discriminatory equity ideology topics, as defined in the Executive Orders, should not be utilized for instruction. Specific resources identified are in Attachment A. A small number of links to external resources have been deactivated, but this should not impact routine use of adopted resources for educators. Educators are expected to implement this directive immediately. Principals must ensure that educators are aware of and comply with this instruction. If educators or school leaders have a question about use of a specific resource not listed in Attachment A, please notify your district ISS with the specific resource. District ISS should then share that information with their HQ ISS counterpart to be added to the compliance review and notice will be provided if use of an instructional resource should be discontinued.

We will provide further guidance upon receipt of official instructions. As a federal agency, we are committed to compliance with the Executive Orders and will ensure our policies and practices align accordingly.

For general questions about this guidance, not inquiries about specific resources, please contact Josh Adams, Acting Chief of Curriculum and Instruction at joshua.adams@dodea.edu or Anne Cannon, HQ Elementary Content Program Manager at anne.cannon@dodea.edu.
