Hi Charmane,

I hope you are doing well. I am following up regarding FOIA request 23-F-0128.

First, we received a production of 502 pages of SIRs in the Dropbox on March 7, in lieu of the February 15 production. Can you let us know whether we can anticipate receiving another production prior to April 15, and whether the next production will contain records other than SIRs?

Second, can you provide an update regarding the shelter manual that was withheld in the November 2024 production? During our phone call on February 19, you stated that the author of the records had not responded to the government's notice, and that your office would likely produce the record in March.

Lastly, can you provide the case number for our new initial FOIA request submitted by mail in February?

Thank you,

Rachel
