Just wanted to check with you prior to engaging anyone about this. Should we schedule a meeting about this since [redacted] and [redacted] was asking?

Perhaps a meeting to re-enforce that the same concepts are being used would alleviate concerns.

(U//~~LES~~) I would like to get on calendar an internal OTD meeting about Airborne [redacted] I would just like to have a "initial" meeting to communicate the scope of this effort, which may help drive our other meetings.

Perhaps a quick 1/2 hour discussion would suffice.

I'm available all of next week and week after (except 06/24). If you let us know a date/time that would work, we'll send out the invite to get it on calendar.

Perhaps a meeting to re-enforce that the same concepts are being used would alleviate concerns.

Hello,

[redacted] has two urgent requests:

- 1.) [redacted] has an urgent need for the field to check for a Dell Laptop with Inventory Number [redacted].
[redacted] Most likely, this laptop was sent to the field as a [redacted]. If you have genuinely located it, please contact me with your ransom demands for verifying the laptop's existence (send a picture of the service tag number to me, if you wish to engage in negotiations).
- 2.) Due to a recent misleading story in the AP, Congress and the public are under the assumption that the FBI operates a fleet of aircraft with the CSS capability. My understanding is that the technique was initially deployed back in [redacted] but was rarely, if ever, used. I am reviewing [redacted] for any aerial missions, but that

database may not be accurate. So from [redacted] onward, if you recall a CSS aerial mission occurring in your current or prior Field Office, please let me know. We have been asked for specific mission numbers.

Thank you very much for any assistance.
