Classification: UNCLASSIFIED//~~FOUO~~

Hello [redacted]

[redacted] mentioned I contact you to arrange a date to provide information on the airborne [redacted] capability (cellular location). We've had some success in deploying these systems and I'd like to come by and provide information on how the concepts have worked out for awareness [redacted]

Let me know if any of the days/times listed below work for you. I'd probably need about an hour to go over the information.

- 07/09: all day (pick a time)
- 07/10: 9-11am
- 07/11: all day (pick a time)

b6
b7C
b7E

Thanks,
[redacted]
BBerry: [redacted]

P.S. Could you send me the address and phone number to call once I arrive.

From: [redacted] (IR) (FBI)

[redacted]

I'd like to come by and go ahead and talk about the current [redacted] program and the outcome of how we're doing on the airborne concepts. I believe I can also supply a laptop demo/example of how it works as well in airborne platforms.

Would you available next week on Tuesday or Wednesday for the briefing/talk.

b6
b7C
b7E

Probably take about an hour.

Talk to you later,

[redacted]

P.S. I can come up to your place and do the demo, just send me the address and I'll show up.

[Redacted]

(U//~~LES~~) I would like to get on calendar an internal OTD meeting about Airborne [Redacted] I would just like to have a "initial" meeting to communicate the scope of this effort, which may help drive our other meetings.

Perhaps a quick 1/2 hour discussion would suffice.

I'm available all of next week and week after (except 06/24). If you let us know a date/time that would work, we'll send out the invite to get it on calendar.

Precautions should be taken to ensure this information is stored and/or destroyed in a manner that precludes unauthorized access. Information bearing the LES caveat may not be used in legal proceedings without first receiving authorization from the originating agency. Recipients are prohibited from subsequently posting the information marked LES on a website or an unclassified network.

[Redacted]
In an effort to move these issues along—Airborne [Redacted] Development—[Redacted] has asked his Section Chief for availability for briefings by us of applicable OGC POCs. These briefings will likely need to be at JEH—not on Friday afternoon.

I will keep you posted and work with Scott [Redacted] to get them scheduled at a time convenient to you.
Thanks,

[Redacted]

[redacted]

Just wanted to check with you prior to engaging anyone about this. Should we schedule a meeting about this since [redacted] and [redacted] was asking?

Perhaps a meeting to re-enforce that the same concepts are being used would alleviate concerns.

As you are probably aware we had the [Redacted] last week and WITT was a major player in the case. I was asked by our Pilot-In-Command about the availability of the airborne system. You and I have discussed this in the past and I remember that Aviation Surveillance Unit needed to approve the system or something along those lines. What is the current status of the airborne program?

Let me know
Many Thanks

[Redacted]

The DTA does not call out for the [Redacted] group to approve or disapprove the use of [Redacted] equipment for domestic technical assistance to state and local cases. Because your question pertains to the potential disclosure of techniques and tradecraft in state proceeding, I would have defer your concern to our general counsel and division heads. I would suggest your CDC to consult with OTD OGC [Redacted] for better guidance.

TRANSITORY RECORD

All,

OTD has been asked to review and comment on the below Corporate Policy Directive, "Aviation Policy Implementation Guide." I have listed each of you in the To: line as a potential interested party which should provide you with access to comment directly into the SharePoint site as necessary. If you have no comments, please reply back to me saying same. If you are unable to access the policy through the first hyperlink in the email below, you should place a call to [redacted] and request InfoPath be installed on your desktop. If you would like others added to the grouping to provide comments, just let me know. Please note all comments should be posted directly to the CPO SharePoint site and must be posted by 11/08/2013.

Subject: Second collaboration of the Aviation Policy Implementation Guide --- UNCLASSIFIED

Classification: UNCLASSIFIED

=====

TRANSITORY RECORD

All,

The Aviation Policy Implementation Guide (PG) has been submitted for a second collaboration. The purpose of this collaboration is to review the changes/updates made by the SME, after the Aviation PG was submitted for final edit. Also, because this is the second collaboration of the Aviation PG, the collaboration period is limited to 10 days. The new end/due date for this review is **November 8, 2013**.

Understandably, you may want to read the document in its entirety for context; however, to assist in keeping the November 1, 2013 due date, [Redacted] the division policy officer (DPO), has highlighted and marked the updates with the comment NEW [Redacted] initials are [Redacted]

b6
b7C

Finally, please be advised that if your original comments/recommendations were accepted by the SME during the first collaboration, those changes have been incorporated into this version of the PG.

Thanks again for your time and patience.

[Redacted]

Please review the CPO Policy Collaboration Site for the following policy: FBI Aviation Policy. Please input your comments on the collaboration/wiki page by selecting the "Discuss" feature at the top left, above the Collaboration End Date. Please note that you have 10 calendar days to complete this review.

To add additional reviewers during the collaboration period, go to 'FBI Aviation Policy' and select the down arrow at the bottom of the form to add an "interested user" to review the policy. Type the last name of the individual and then select "Search." Double click on the appropriate name and the email address will automatically populate the email address field. Repeat until all individuals have been added. Save the form and all assigned individuals will automatically receive email alerts to the review the assigned policy. Then, exit the screen.

When your division review is complete, DPOs, please ensure that you have entered a comment on the wiki page, even if it is to state that your division has no comment. Then go to 'FBI Aviation Policy' and check the appropriate box at the bottom of the form. Thereafter, select the save button and exit the form.

Contact the Corporate Policy Office at HQ_DIV00_CORPORATE_POLICY_OFFICE or your Division Policy Officer if you have any questions.

Subject: RE: Airborne [redacted] coordination

Classification: UNCLASSIFIED//~~FOUO~~

[redacted]

(please do not distribute further).

Previously [redacted] me and [redacted] met with [redacted] on the subject, and I determined that the next steps were to do the following: (I actually had buy-in on this plan previously from [redacted])

[Large redacted block]

b3
b5
b6
b7C
b7E

I still plan on doing the same list of tasks described above, although at this time I have only provided information to the team to gain an understand if anyone is willing to take on this task. I heard from [redacted] but it was more of an unstructured, get it done, and don't worry about anything solution.

From attending the meeting with [redacted] group, I learned that there are a great amount of details required to implement this properly. It seems that [redacted] will want many standard operating procedures followed, which at this time was not being "comprehended" by anyone in [redacted]. I have explained some of these complexities and look-ahead's that need to be thought of, but up to this time, I only was offered an unstructured shot-gun approach by [redacted] and no other personnel in [redacted] volunteered.

I am still in the identification process for identifying the right personnel for this task, that will follow through in a timely fashion, without over "over-specifying" the capabilities.

My inclination is to assign [redacted] this task as I see that he has the proper experience in installations and adhering towards standard operating procedures. Should this be more urgent, I can move forward with a faster schedule, although this will require helping [redacted] with myself or another [redacted] engineer, as he is unaware of all the technologies [redacted] has to offer (since he is new). I also have noticed that [redacted] has a high technical background, as has shown reliability in his ability to understand and operate [redacted] equipment at the detail necessary.

b6
b7C
b7E

By the way, I have already asked [redacted] to be our POC to start learning technologies that will help integrate [redacted] in a phased approach that will address capabilities and provide for the necessary guidance with respect to disclosure, protection of equipment/techniques, and of course maintaining proper legal processes.

I have offered this to the other team members, although with respect to their current tasking, I don't see much leeway without getting involved myself.

Between us: [redacted] is fully tasked, else I would have depended on him to take lead in this task. I don't believe that [redacted] will take the time to implement the required structured approach, which I noticed [redacted] was taking with [redacted] is also very busy with his own contracts, and should not take on anymore tasks, and would not have the time to focus on this properly.

[redacted] please arrange a meeting between me, [redacted] Acting Unit Chief, [redacted]
[redacted] tel. [redacted] I think the week of May 7 would be the earliest opportunity based on my schedule.
[redacted] and I will travel to [redacted] so I prefer a mid-morning meet time.

[redacted] please be prepared to speak about equipment configurations on Bu-planes, [redacted] and other
communications and logistics requirements.

Thank you.

[Redacted] I spoke with [Redacted] regarding the airborne WITT capabilities we discussed. They would very much like a demonstration of this equipment. The presentations we discussed would be great. I would like the demo to include both certified and noncertified airborne equipment. If it is possible, next week would be ideal due to a cancellation of aircraft deployment. These airborne platforms, [Redacted] are continually tasked and difficult to access due to intensive scheduling. For this reason, if you can work this into your schedule it would be greatly appreciated. Thanks for your assistance in this matter.

Respectfully,
SSA [Redacted]

Hi [Redacted]

I have some WITT things I need to address, so I figured I would start with an e-mail to you (lucky you!). Will you please send this on as appropriate for items you don't answer.

[Large Redacted Area]

Thank you!

Can you take a look at this. I'll call you this afternoon about it. I'd respond to [Redacted] but I don't know what a [Redacted] is, what it's used for, or why he got it. Let alone what mission it's supposed to be dedicated to.

Thax,

[Redacted]

Thanks for the update and confirmation. If there is anything I can do to help, just ask. I know you have competent people back there who are more than capable of putting together a program and testing the gear, but I also know they are very busy, so I am willing to help where I can.

[redacted]

Bottom line [redacted] is coming along nicely and makes himself available for almost every mission, and I can talk [redacted] through it over the phone if I need to, but I will keep adding to the team as I am able.

Thanks for the concern, and again, let me know if there is anything I can do to help,
