 2. Project Name: Police Vehicle Equipment Configuration Update
 3. Single Goal: Purchase at least 60 Equipment Systems for officers' equipment in Police Vehicles in conjunction with replacement of older radios with Project 25-compatible Police Radios
 4. JAG Project Identifiers: Communications, Equipment – General, Officer Safety, and System Improvements
- New Project 25-compliant radios are already delivered;
 - Current equipment racks for communications devices and weapons are over 15 years old. The Patrol vehicles at that time were Ford Crown Victoria's. Most officers currently drive Chevy Impalas, Toyota Prius. Complete reconfiguration is overdue.
 - Our goal is to place the new equipment in the newer vehicles to reduce costs for the equipment and labor to install or remove and re-install.
 - The total cost of the project is over \$100,000. Any grants that we attain going forward to the completion of the project, will be utilized to make the vehicles safer, more effective, more comfortable and less physically harmful to the Officers through these new equipment systems.
