Dear Ms. Carson:

This is in response to your request dated July 30, 2012 for records relating to four policies or practices of the Gladstone Police Department.

1. The first request relates to our department policies and procedures concerning Taser deployment. They can be found in Gladstone Police Department Policy # 510, which is enclosed.
2. The second request relates to department ownership of an automated license plate reader (ALPR). The Gladstone Police Department does not own an ALPR at this time.
3. The third request relates to department use of data from cell phone carriers in the course of our investigations. Generally, cell phone data is obtained as the result of a grand jury subpoena.
4. The fourth request relates to all current policies and procedures describing the appropriate response from officers to members of the public photographing or video recording officers while engaged in their official duties. The Gladstone Police Department does not have a policy that meets that description as this has not occurred in the city of Gladstone.

Sincerely,

James A. Pryde
