Subject: Public Records Request

Melanie,

Regarding the public records request that was sent to me:

Tasers are covered under our Conducted Energy Device policy. That policy is in the mail to you

We do not have ALPR so no policies or documentation exists.

We do have policies regarding cell phone data, that policy is also in the mail to you.

All of the cell phone data is extracted in house by our own personnel, so there is no additional cost to us. So I do not have any expenditure receipts

We do not have a policy regarding the appropriate response to public photographs or video.

You will have an envelope in your mailbox that will have the applicable policies. Please let me know if you have any questions.

Terry
