Re: Public Records Request

Dear Ms. Carson,

In accordance with ORS 192.440(2), this is to acknowledge our receipt on July 31, 2012, of your request for public records involving Taser devices, Automatic License Plate Readers, cell phone data collection, and officer response to public photo taking or video recording.

We respond to your numbered written request as follows:

1. Taser Devices. A copy of Keizer Police Department Policy #309 (Control Device Taser) is enclosed.
2. Automatic License Plate Reader (ALPR). The City does not own or use ALPRs.
3. Cell Phone Data. The City does not have policies or procedures related to cell phone data collection. The City does not maintain separate accounting documents regarding funds used to acquire cell phone data.
4. Public Photographing or Video Recording Officers. The City has no written policies or procedures regarding officers being video recorded or photographed in public places. As long as an individual is not interfering with an officer, it is legal for members of the public to video, record, or photograph officers. Our officers have been briefed regarding this subject and we have not had any issues.

On a side note, in your letter you requested a response and invited contact if I had questions. However, there was absolutely no contact information, i.e. address or phone number, present in your letter or on your letterhead.

Sincerely,

  
H. Marc Adams  
Chief of Police
