Portland, Oregon 97240
Re: Public Records Request

Dear Ms. Carson,

This is in response to your July 30, 2012 request for records relating to four policies or practices of this Department.

- 1) The first request relates to our Department's policies and procedures concerning the deployment of the Taser; please refer to the Oregon City Police Policy. (attached)
- 2) The second request relates to the Department's ownership of an Automated License Plate Reader or ALPR. We purchased the ALPR system last budget year with funds budgeted specifically for this purpose; we have one unit on one patrol car. I have attached an invoice for our payment of the ALPR. I have attached the Oregon City Police Policy regarding the ALPR system and its use.
- 3) The third request relates to the Department's use of data from cell phone carriers in the course of our investigations. Generally, the Department obtains cell phone data as the result of a grand jury subpoena. In addition, there has been the retrieval of cell phone data in the event of emergencies.
- 4) The fourth request relates to "all current policies and procedures describing officers' appropriate response to members of the public photographing or video recording officers while engaged in their official duties. The Oregon City Police Department does not have a policy that meets that description.

Thank you.
