Ms. Carson,

We have received your request of July 30, 2012 regarding Police policies and procedures. I would be happy to forward to you our policies regarding TASER usage and cellular phone evidence. If you will provide me with an e-mail address, I can forward those to you at no charge.

We do not own, use or have a policy for ALPR systems. We do not have a policy or procedure regarding officers' response to public photography or video recording of official duties beyond statute and case law.

We do not believe we have any significant expenses related to obtaining cell phone data from phone carriers. To be absolutely certain that no such significant expenditures exist would require the search of hundreds of records. This search would entail significant staff time and would be subject to research fees as listed on our request form. Please let me know if you would like to arrange a deposit to cover the fees associated with a search for expenditures.

Should you wish to further discuss this request or have any questions, please feel free to contact me at 503.982.5210 or christina.shearer@ci.woodburn.or.us.

Regards,

Christina M. Shearer
City Recorder
City of Woodburn
