Applicant: City of Bradenton
Project Title: 2011 Justice Assistance Grant

The Bradenton Police Department is requesting two Automated License Plate Readers to address Justice Information Sharing. The equipment will be utilized in Justice Information Sharing by providing a constant resource by which an officer on patrol will stay in constant motion in traffic and the computer will run all license plates it comes into contact with. The automated system is faster and more efficient and will greatly improve the amount of information gathered and shared by this agency.

The Bradenton Police is requesting a Segway Personal Transporter to address Crime Prevention. This equipment will be utilized in Crime Prevention by being assigned to the Downtown areas of Bradenton for use by numerous officers at different times of the day and night. This Transporter allows the officer to remain visual in areas not accessible by patrol vehicles, thus, preventing crime.

The Bradenton Police Department is requesting a Night Vision Camera Kit to address Surveillance. This equipment will be utilized in surveillance by the Undercover Narcotics Squad to address illegal narcotics. The Narcotics Division will use the Night Vision Camera to observe and build cases during the evening hours when regular cameras will not work.

The Bradenton Police Department is requesting two Portable Alternative Light Source Units to address Forensic Science. This equipment will be utilized in Forensic Science by the Crime Scene Unit(s) to process Crime Scene Evidence in the field. This equipment allows the Crime Scene Investigator to process evidence at the scene of the crime, saving valuable time in critical instances.

City of Bradenton Proposed Use of Funds

The City of Bradenton Police Department proposes to use its 2011-12 Edward Byrne Memorial Justice Assistance Grant (JAG) Formula Program funds as means to acquire law enforcement equipment and perform administrative tasks to ensure grant award compliance.

PROGRAM NARRATIVE

The City of Bradenton Police Department will utilize the Justice Assistance Grant (JAG) funds for law enforcement programs. The grant application focuses on the Attorney General's priority relating to multi-jurisdictional task forces, addressing violent crime, drug and gun violence reduction. The requested grant application items primarily will be used department wide and will assist agencies such as Manatee and Sarasota County Sheriff's Offices, Federal Bureau of Investigation (FBI) and Florida Department of Law Enforcement (FDLE).

The City of Bradenton proposes the local jurisdiction's allocation of \$38,369 be used for law enforcement equipment, technology, and administrative costs; not exceeding the cap of ten percent. The goal of the requested funding is for enhanced officer safety, improved evidence collection, and increased intelligence gathering.

The City of Bradenton request for funding meets four of the Department of Justice's national priorities:

Evidence-Based Programs or Practices OJP considers programs and practices to be evidence-based when their effectiveness has been demonstrated by causal evidence (generally obtained through one or more outcome evaluations). Causal evidence documents a relationship between an activity or intervention (including technology) and its intended outcome, including measuring the direction and size of a change, and the extent to which a change may be attributed to the activity or intervention. Causal evidence depends on the use of scientific methods to rule out, to the extent possible, alternative explanations for the documented change. The strength of causal evidence, based on the factors described above, will influence the degree to which OJP considers a program or practice to be evidence-based.

Economic Crime As our economy shows signs of recovery, it is essential that we not allow this progress to be thwarted by economic crime, including mortgage fraud, financial crimes, fraud, and intellectual property crimes that threaten our economic growth and stability.

Children Exposed to Violence Last, but certainly not least, we must ensure that, in the context of our continued focus on addressing violent crime, children who are exposed to violence are responded to effectively so that these experiences do not risk the futures of these children and do not fuel the cycle of violence.

Interoperable Communications Grantees (including sub-grantees) that are using FY 2011 JAG Program funds to support emergency communications activities should comply with the *FY 2011 SAFECOM Guidance for Emergency Communication Grants*, including provisions on technical standards that ensure and enhance interoperable communications. Emergency communications activities include the purchase of Interoperable Communications Equipment

and technologies such as voice-over-internet protocol bridging or gateway devices, or equipment to support the build out of wireless broadband networks in the 700 MHz public safety band under the Federal Communications Commission (FCC) Waiver Order. SAFECOM guidance can be found at www.safecomprogram.gov.

2011 Proposed Ranked Expenses tied to national priorities

1. Automated License Plate Reader by L3 Communications Cost: \$23,562.70 (for two)

The purchase of two (2) Automated License Plate Readers to be assigned to and used by the Uniform Patrol Division to Gather/Share Information and Collect Evidence. These units will be installed on marked fleet police vehicles and will be in operational use during all hours of the day, spread across the different shifts of the Patrol Division. These units will serve as a information sharing component by utilizing data collected and stored by the devices to assist agencies at all levels (local, state and federal) in the location and apprehension of suspected criminals and property (i.e. missing persons, wanted persons, stolen vehicles, vehicles used in criminal activity, etc). The system uses a computer server to record and store data that has been collected throughout the shift. This allows the agency to process requests from outside agencies well past the date of collection. The evidence part of this system would take the data collected from the vehicles throughout the shift and save it in secure server located within the police department. This would be a system that would work in unison with the agencies current in-car video system and server, therefore, not requiring this agency to purchase another server. This would be a sole source request to L3 Communications due to the current configuration of the agency server.

2. Segway Personal Transporter Cost: \$8,774.10

The purchase of a Segway Personal Transporter to be assigned to and used by a Police Officer that is strictly assigned to the Downtown District of Bradenton to Gather Information and Prevent Children from being Exposed to Violence. This officer would use the Segway to observe and create a presence over a larger area of downtown faster and at ground level. The Segway allows the officer to be more visible and approachable by citizens, helping to prevent crime before it happens. The City of Bradenton recently approved a measure to enhance the riverfront area of downtown. Part of that enhancement includes a vast area of pedestrian walkways, outdoor activity centers, and a larger children's play area. Downtown Bradenton has a large population of homeless residents. Recent studies have shown that a portion of these homeless residents are registered sexual offenders. By utilizing a Segway to increase officer presence in and around the new riverfront area, we will be able to prevent crimes to not only the general population, but also to the children that will be visiting the new riverfront area, especially the playground. The officer assigned to the Segway will be able to share information gathered with other officers, both within the agency and outside agencies.

3. Night Vision Camera Kit Cost: \$4,095.00

The purchase of a Night Vision Camera Kit to be assigned to and used by the Undercover Officers in this agency to Gather/Share Information and Collect Evidence. This camera would be used in the recording and gathering of evidence in operations targeting narcotics, prostitution, theft and burglary cases, and other types of "sting" operations. This equipment ensures the operational use during nighttime hours when low light causes issues with conventional cameras. Clear video evidence is essential in the successful prosecution and

conviction of criminals. Undercover Officers will be able to share video recordings with others in relation to "sting" operations (i.e. other police agencies, criminal informants, victims, etc). Without this equipment, the Undercover Officers are highly limited in their ability to detect and police criminal activity across all hours of the day.

4. Portable Alternative Light Source

Cost: 1,950.00

The purchase of an Alternative Light Source system for use by the Crime Scene Investigation Unit to Gather/Share Information and Collect Evidence. This machine would be used by the Crime Scene Unit as a portable device capable of being taken into crime scenes and have evidence processed at the scene rather than in a lab. This device is essential in the gathering of critical evidence, unseen to the human eye, for the successful apprehension and prosecution of criminal offenders. This device will assist the Crime Scene Investigator in completing an onsite collection of physical evidence that may not be able to be transported to a laboratory. Crime Scene Investigators will be able to share information located on scenes with other agencies (local, state and federal).

5. Investigative Funds

Cost: \$17,000.00

The use of Investigative Funds to start and maintain a long term storefront (i.e. Gold Buying, Pawn Shop, etc.) for the purpose of Gathering/Sharing of Information and Targeting Economic Crimes, especially Fraud Cases. The department would utilize the funding to start a store, outfit the store and maintain the store in a pre-determined high crime area. Undercover Officers would act as store employees and do day to day transactions with persons and gather information with the purpose of stopping illegal transactions of stolen property, credit card fraud, check fraud, etc. Undercover Officers would coordinate with outside agencies and share information to help solve crimes in and around the City of Bradenton.

BUDGET AND BUDGET NARRATIVE

Equipment

(2) Automated License Plate Reader by L3 Communications	\$ 23,562.70
(1) Segway Personal Transporter	\$ 8,774.10
(1) Night Vision Camera Kit	\$ 4,095.00
(1) Portable Alternative Light Source	\$ 1,950.00

TOTAL EQUIPMENT \$ 38,381.80

Investigative Funds \$ 17,000.00

TOTAL 2011 PROPOSED BUDGET \$ 38,369.00

Since cost estimates sometimes change between the time of the proposed plan and award, the plan considers expenses above the funding of \$38,369, ranked in priority to ensure funds are timely expended in the event there is a cost savings or increase in any category.

Ranking of expenses provides community notice, saves time in the event of a cost change and saves expenses of re-advertising for a plan amendment.

REVIEW NARRATIVE

The City of Bradenton City Council was made aware of the grant opportunity via proposed plan submitted for review on June 16, 2011. The public hearing for the proposed application will be held during the June 22, 2011 City Council at which time staff will recommend the approval for application submission by July 21, 2011.

Through legal advertisement in the local newspaper, the public was noticed of the grant application's availability from June 20, 2011 to July 21, 2011 with any comments forwarded to the Bureau of Justice Assistance after the 30-day citizen input period ends. The application was available for review by the public via the Bradenton Police Department front desk, the City of Bradenton front desk, and the City of Bradenton's webpage, www.cityofbradenton.com.

The grant application will be mailed to the State's Single Point of Contact on July 21, 2011 for review.

City of Bradenton ADVERTISEMENT

NOTICE OF FUNDING AVAILABILITY & NOTICE OF CITIZEN COMMENT PERIOD

The City of Bradenton has received notice from the U.S. Department of Justice of its proposed allocation of \$38,369 Justice Assistance Grant (JAG) Program. (A maximum of 10% of the funds may be used for planning and administration).

FOR IMMEDIATE RELEASE

City of Bradenton

June 16, 2011

Request to use JAG funds

The Bradenton Police Department proposes to use a grant from the Edward Byrne Memorial Justice Assistance Grant Program to buy equipment and perform administrative tasks that will enhance officer safety, improve evidence collection and increase intelligence gathering.

This entire proposal has been posted on the City's website at www.cityofbradenton.com.

UPDATE

Due to the discharge of raw sewage into the Manatee River near downtown, recreational use (fishing, swimming, jet skis, or anything that could bring someone into physical contact with the water) is prohibited until further notice in the area between the fishing pier to the marina and the seawall to the channel. The City is conducting 10-15 water samples daily and will notify residents when the water is safe.

Drinking water has not been affected.

PIRATE GOLD Picturesque McKeechne Field in Bradenton was built in the 1920s and has been nicknamed the Fantasy Park of Florida spring training. The Pittsburgh Pirates finished a historic 2011 spring training season with an attendance mark of \$6,853 - an all time record at McKeechne! The Bradenton Marauders, the High Single A affiliate of the Pirates, begin their second season at McKeechne on April 6. A season ticket is only \$256 for 76 home games. Visit www.bradentonmarauders.com for more information.

A bit about Bradenton

Located just south of the Tampa Bay area in Manatee County, Bradenton is a fabulous place to explore our art and historical attractions, have fun in the sun enjoying the beach and all types of water and boat adventures, plus we are a golfer's paradise! Simply put, whether you're a resident or visitor, young or old, you're sure to find Bradenton is the place to be.

The latest in Bradenton...

Proposal to use JAG funds The Bradenton Police Department proposes to use a \$38,369 grant from the Edward Byrne Memorial Justice Assistance Grant Program to buy equipment and perform administrative tasks that will enhance officer safety, improve evidence collection and increase intelligence gathering. The entire request is available online and citizens can comment on this proposal between June 20 through July 21. Click on the header for complete details. **NEW!**

Manatee Avenue update Beginning Sunday, June 19, through Friday, June 24, motorists should expect a temporary nighttime road closure of S.R. 64/Manatee Avenue West from 10-14th streets west. This section of Manatee Avenue will close each night from 7 p.m. until 6 a.m. for the installation of a water line between 11-14th streets west. **NEW!**

Form-Based Code Here is the Form-Based Code that was approved by City Council on June 8. Click on the header to see the entire code. **UPDATED!**

Safety reminder from Bradenton Police Department Police are reminding citizens to lock their vehicles while left unattended. Increasingly, thieves are entering unlocked vehicles and stealing whatever can be removed. This crime can occur at all hours of the day and night. Anyone that observes suspicious persons loitering in parking lots or streets is asked to call and report the activity immediately to the Bradenton Police Department at (941) 932-9390 or your local law enforcement agency. If you have information of a crime and would like report a TIP while remaining anonymous and be eligible for a cash reward of up to \$1,000, call Crime Stoppers (toll free) at 1-866-634-8477 (TIPS) or send an anonymous eTip thru the web at www.manateecrimestoppers.com.
