Title: INFRAGARD

Synopsis: To document meeting with SecureWorld Expo representatives [redacted] on November 22, 2005.

Details: On November 22, 2005 writer met with InfraGard Board member and [redacted]

[redacted] of SecureWorld Expo and [redacted] of SecureWorld Expo at the Google Campus in Mountain View, CA. The purpose of the meeting was to discuss the possibility of InfraGard partnering with SecureWorld Expo in sponsoring a security conference in the Bay Area in or around November 1st and 2nd of 2006. [redacted] advised that InfraGard members would be charged a greatly reduced fee to attend the conference in exchange for some assistance from the membership in helping attain speakers for the conference. [redacted] further advised that the SF Bay InfraGard Members Alliance (IMA) could have control over the agenda for the two day conference. Writer advised [redacted] that the SF Bay IMA already works in partnership with two local chapters of ISSA in sponsoring an annual conference in the spring entitled Cornerstones of Trust and that the Board had expressed concern that these two conferences might compete for attendees. [redacted] and [redacted] advised that they were aware of the conference and felt that since one conference was in the spring and the other in the fall that competition for attendees should not be an issue. The meeting concluded with the suggestion that [redacted] provide a briefing at the next Board of Directors meeting in 2006 to further discuss this opportunity. It should be noted that the writer met [redacted] at the InfraGard Coordinators Conference in Orlando, FL where [redacted] made a presentation on SecureWorld partnering with other InfraGard chapters around the country.
