Details: [REDACTED] is a very familiar face not only in the Harrison County School System, but also at the FBI CJIS Division Complex. He has been a close ally of the FBI since 1996, when he was [REDACTED] at Norwood Elementary School (NES), one of the first Partners in Education with the CJIS Division. In a large part due to [REDACTED] initiative and guidance, NES was the first school in the CJIS Division's territory to participate in the Junior Special Agent Program.

In 2003, [REDACTED] departed NES and subsequently assumed the position of [REDACTED] at South Harrison High School (SHHS). The CJIS Division had maintained a partnership relationship with SHHS for some time, and [REDACTED] maintained and fostered that relationship upon his arrival. He undertook an active role in overseeing all aspects of the partnership between the CJIS Division and both South Harrison High and Middle Schools. Under his leadership, the partnership flourished, with additional programs and participation being added. As a result of his relationship with the CJIS Division and his advocacy for the FBI in the region, [REDACTED] was invited and participated in the CJIS Division's second annual Citizens' Academy in 2006.
