Dear [Redacted]

You are cordially invited to be a participant in the first FBI Sacramento Division Citizen's Academy. The FBI Citizen's Academy is a program which allows community and business leaders an inside look at the FBI and how the federal law enforcement agency operates. The program would run for about six to eight weeks, one night a week for about two or three hours. There will be one Saturday session at the end of the program, where there will fire arms and a SWAT demonstration. The purpose of the FBI's Citizen's Academy is to educate the general public regarding the role and mission of the FBI. We are planning to hold our first class some time in February running through March 2004. Please find enclosed a brochure which provides more information about the Citizen's Academy.

If you or someone else from your organization is interested in participating in this program please fill out the enclosed questionnaire, which should be completed and returned to the above address at the earliest possible date. If you have any further questions please contact Assistant Special Agent in Charge [Redacted] at telephone number [Redacted]. Thank you for your time and consideration.
