Dear Contributors,

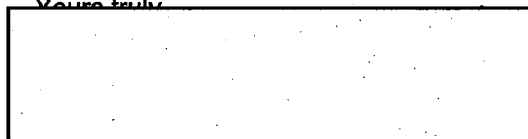

On behalf of my fellow trustees, I wish to thank the Sacramento Division FBI Citizen's Academy for their generous donation of \$1,555.00 to the FBIAA Memorial College Education Fund for the education of the children of deceased FBI Agents. We are grateful that the second session decided to continue its support.

Contributions such as yours provide the opportunity for children of deceased FBI Agents to fulfill their educational goals. From the school year 1996/1997 to 2004/2005 over 2-million dollars in scholarships were awarded. Included in that total are 32 students for the current school year who received approximately \$250,000. Prior to this, \$500,000 in interest free loans were distributed.

It is a tremendous relief knowing we have friends like you to count on helping these children fulfill their educational goals.

Thank you for your dedication and support.

Yours truly,

b6
