Dear Drew & Steve,

I just wanted to thank you again for your time and efforts with the Citizen's Academy. I am so grateful to have had the opportunity to participate and meet you. Everything from the beginning to end was first class and I think that's indicative of your leadership. I could detect from all of the presenters the amount of respect that each had for you. All the presentations were informative. I most enjoyed the Office Tour, The role of the State Attorneys Office, The Earth Liberation Front case, Cyber Crimes Program, Child Exploitation, and the Alumni presentations. I look forward to becoming one of the Alumni in the future.

After each class, I would go to you website to try to get more information. I'm also going to recommend this program to my department heads.

As I draw closer to retirement, my efforts are directed toward more community service efforts with the youth which is where my passion is. I made some great contacts from the class and I plan to include them in some of the activities as well. I also hope to collaborate with Steve as well to come speak to the kids at my daughter school which I have informally adopted. I will keep in touch and my alternate email at work is [REDACTED] its okay to use both home and work email.

Steve, I really appreciate your timely responses to my email questions and how you made every effort to keep us informed of changes as well. Thank you again for an outstanding program. I will also be coming back to make up the classes I missed.

Hi Steve,

I didn't get a chance to thank you last night, but overall I enjoyed the Academy very much and I appreciate all the work you did organizing everything. My wife and I enjoyed the dinner and of course, I was happy with my "award". Sometimes you have a good day.

I hope your case turns out well and completes soon. I look forward to seeing you at Alumni functions.

Thanks,

[REDACTED]
