I would like to take this opportunity to recognize and thank Det. [redacted] for his participation last month in a gang presentation given to our Citizens' Academy Alumni Association. On the evening of May 17th, Det. [redacted] took time out of his busy schedule to meet with our alumni association to discuss various gangs in the greater Sacramento area and the efforts taken by law enforcement to combat such gangs. Approximately forty alumni were in attendance, and their feedback regarding the presentation was enthusiastic and positive.
