**Join us for a relaxing evening, full of stories and inside information,
with your fellow Alumni Members as we explore "Inside the FBI."**

The Responsibilities of the FBI for the G20 Summit

any of you have hosted a large party, some of you have planned large weddings and others have worked on large corporate gatherings. Did you have to plan for 10,000 people? Did you need to consider the culture and customs of more than 20 different nations? Did you plan for the 'gate-crashers' that you were told were going to try and disrupt your party?

Would you like to learn what went on behind-the-scenes from the moment it was announced that Pittsburgh would host the G20? Join us as we sit down to talk with our own SAC Michael Rodriguez about the G20. Mr. Rodriguez will bring together some of the Agents and Staff to let us "Inside the FBI" during the planning and implementation of the security for this event.

NOTE: for this special event, there is no fee for Alumni Members.
