REVIEW NARRATIVE

Prior to accepting any JAG funds, the award will made available for review by the City Council of the City of Palm Springs during a regularly scheduled meeting of that governing body. Public notice of the meeting will be made according to local ordinance, and there will be an opportunity for public comment during that meeting and prior to acceptance of the award.

PROGRAM NARRATIVE

The Palm Springs Police Department would like to equip a patrol vehicle with an Automatic License Plate Recognition device. These devices have been demonstrated to us and we have seen how useful they are in crime prevention and interdiction. They are not only capable of alerting a passively patrolling police officer to wanted persons and vehicles, but they automatically capture 1,500 license plate images per minute, aiding in criminal intelligence (i.e. witness identification, watch list development, placing a suspect at a scene, terrorist interdiction, pattern recognition).

BUDGET NARRATIVE

The Palm Springs Police Department is currently evaluating several vendors of the Automatic License Plate Recognition equipment. A quotation was received in April, 2008 for a four-camera system in the amount of \$29,350 per unit installed. It is anticipated that, after deciding on a particular unit, we would use our \$12,206 JAG award toward the purchase. The remainder of the balance would be paid from the general fund.
