Review Narrative:

On March 18th, 2009 at 6:00 pm EST during the regular open meeting of the City of Salamanca Police Commission the Edwards Byrnes Memorial Justice Assistance Grant was made available for review to the Commission and Council Members present. The City Clerk recorded this detail in the Police Commission minutes on the above date and time and also attached a copy of the application announcement as part of a permanent record kept and maintained in their office. Copies of the application were also forwarded to the City of Salamanca Mayors office with the standard monthly Police Commission agenda packets. As part of New York State's open meeting law, regular meetings of the Police Commission are open to the public and everyone is free to comment within reason. Furthermore, matters contained in the minutes of public meeting records are available at the City of Salamanca Clerk's office by Freedom Of Information Law request and commonly referred to as a FOIL request. If anyone wished to review the application or minutes surrounding the Edwards Byrnes Memorial Justice Assistance Grant it would be made available to them without a FOIL request if at all possible. With the receipt of the funds there would be another announcement and final request from the governing body to move forward with the project as planned and agreed to prior. At this time there would be yet an additional opportunity for public comment provided to the community.

Project Abstract:

The City of Salamanca is requesting funds through the Edward Byrnes Memorial Justice Assistance Grant to purchase a Mobile License Plate Recognition System for use by the City's Police Department. The goal of the project is help the City of Salamanca Police to obtain technology which would otherwise not be possible without the assistance of this grant program. This new technology will be used to better serve the safety, security and well being of the residents and visitors to the City of Salamanca community.

Participating in the City of Salamanca Mobile License Plate Recognition System Project together as partners will facilitating the purchase, installation and deployment of a Mobile Plate Reader which in turn will have an immediate and lasting effect to help stimulate the economy creating and preserving jobs. The Mobile License Plate Reader will be installed on the next marked patrol unit purchased before the end of the 2009 calendar year thereby insuring the investment of funds is put to work serving the community as soon as possible. The deployment of the marked patrol unit equipped with the Mobile Plate Reader will be used by the road patrol as part of their daily tour of duty which includes vehicle and traffic law enforcement. Thank you for your time and consideration of this project opportunity.

Program Narrative for:
City of Salamanca Mobile License Plate Recognition System Project

The City of Salamanca Police intend to improve the available technologies to the community through the assistance of the Edwards Byrne's Memorial Justice Grant by investing in technologies which the City of Salamanca would otherwise not be able to provide by local taxes alone. The project will immediately affect the economy and create needed jobs. The funds provided through the grant will be used to purchase a Mobile License Plate Recognition System to be installed on the next patrol vehicle ordered which will be before the end of the calendar year of 2009. The estimated cost for the project would be \$19,030 with the city paying for the balance not funded by the grant allotment award of \$18,862. The program would create several technical jobs as the unit would have to be manufactured, installed and further supported by technicians trained with the system thereby not only creating jobs but preserving jobs in the future.

The City of Salamanca comptroller will diligently track the funds received by modifying the budget and creating a separate by-line in the budget to clearly show when the drawdowns occur, where the funds are kept and hence the grant is expended from this dedicated account. All other funds will be kept entirely separate from the grant funds received. As shown by our yearly audit the City of Salamanca has a proven track record of outstanding fiscal responsibility.

Upon receiving the grant funds we will start and complete the project by the end of the 2009 calendar year thereby maximizing job creation and economic benefit as well as increasing the City of Salamanca Police capabilities through advanced technology to better provide service to the community. With the technological advantage provided to the City of Salamanca Police through the assistance of the Edwards Byrne's Memorial Justice Grant, a mobile license plate recognition system will not only enhance vehicle enforcement but cause a ripple effect continuously stimulating the economy. For example, when the license plate reader identifies a registration which is suspended due to auto insurance lapse, the offender will be obligated to obtain continued insurance coverage thereby causing stimulation of the economy. Another possible example is when the license plate reader identifies a stolen vehicle the police department can recover the vehicle and return it to the rightful owner thereby lowering insurance costs which in turn would free up discretionary income of insurance holders to spend elsewhere which would in turn stimulate the economy. The last example I will provide relates to a good portion of the vehicles identified by the license plate recognition system are suspended and often towed at the owner's expense which will in turn stimulate the local economy. As anyone can see the deployment of the available license plate recognition system technology would continue to stimulate the economy through the life of the project and into the foreseeable future.

Project Budget:
Equipment

(1) Mobile LPR SYS-1 CarDetector-DSP Based Mobile License Plate Recognition System-2 Camera System

Software Includes:

- * CarDetector DSP Control Center software (Client MDT Viewer) w/MYSQL database
- * CarDetector software application-Preinstalled mobile LPR software on DSPunit
- * CarDetector Software version 3.4

Hardware includes:

- * digital signal processor (DSP)-720MHz w/128 MbRAM-one DSP per camera
- * 4 video inputs (IR & Color Camera) 1 Ethernet output-Dimensions 6.3"x3.9"x1.8
- * system shall have single point power connection
- * field installed Garmin GPS Receiver
- * includes Qty=1 "C:" series IR/color LPR Camera-16mm Lens Package
- * includes Qty=1 "C " series IR/color LPR Camera-50mm Lens Package

SUBTOTAL: \$10,780.00

(1) VV-SL-1 Vigilant Video Law Enforcement Product Family Site License-Tier 1

Provides access to Vigilant Video's Law Enforcement Family of Video Analytics software products includes Car Detector Mobile LPR edition, Car Detector fixed LPR edition, Law Enforcement archive & reporting network server(LEARN), CamSmartz, LineUP and other software application considered by Vigilant Video to be applicable for benefit of law enforcement agencies.

- * includes all technical support, software maintenance, bug fixes, patches, minor software upgrades, major software upgrades and all utilities released within the product evolution.
- * as for the Vigilant Video Law Enforcement Product Family Site License agreement

Subtotal \$4,500.00

(1) VV-LEARN-S Vigilant Video's Law Enforcement Archival Reporting Network Software-LEARN

- * includes automated "hot-list "management with refresh intelligence
- * automated CarDetector software update management
- * database of all LPR data acquired by each CarDetector system including images
- * Complete search, mapping, query and data mining utilities w/administrative security
- * requires license for MS window 2003 server & MS-SQL 2005 provided by others
- * server hardware & required software (including OS) provided & installed by others

Subtotal \$0.00

(1) SSU-COM-LEARN Vigilant Video Start Up, Configure and Commissioning of the LEARN server application

- * Vigilant video certified technician to visit site for up to 8 hours
- * Set up and configuration of the LEARN Server application (software/hardware)
- * required for all LEARN deployments w/hardware provided by others

Subtotal \$1,200.00

(1) SSU-12-COM Start Up, Configure & Commission the CarDetector Mobile System 1 or 2 Camera Kit

- * Vigilant Video certified technician to visit site for up to 3 hours
- * Set up and configuration of CDMS & LEARN hardware/software system

Subtotal \$550.00

(1) 5YSL 5 Year Site License Renewal

- * 5 year site license renewal covers up to 5 cameras, renewal notice sent after 5 years

Subtotal \$2,000.00

TOTAL PROJECT COSTS \$19,030.00

Budget Summary

A. Personnel	0
B. Fringe Benefits	0
C. Travel	0
D. Equipment	19,030
E. Supplies	0
C. Travel	0
G. Consultants/Construction	0
H. Other	0
Total Direct Cost	19,030
I. Indirect Costs	0
TOTAL PROJECT COSTS	19,030
Federal Request	18,862
Non-Federal Amount	168

Budget Narrative:

All allotted funds received from the Edwards Byrne's Memorial Justice Assistance Grant as showed in the project budget will be used for the purchase, installation and training costs to equip one marked patrol unit of the City of Salamanca Police Department with a DSP Based Mobile License Plate Recognition System. The total cost of the project is \$19,030 which exceeds the local allotment listed for the City of Salamanca of \$18,862. The difference of \$168 will be funded by the City of Salamanca along with maintenance, training and support after the initial contract included with the package expires.

U.S. DEPARTMENT OF JUSTICE
OFFICE OF JUSTICE PROGRAMS

Recovery Act – Justice Assistance Grant (JAG) Program

Certification as to Recovery Act Reporting Requirements

On behalf of the applicant entity named below, I certify the following to the Office of Justice Programs, U.S. Department of Justice:

I have personally read and reviewed the section entitled "Accountability and Transparency under the Recovery Act" in the program announcement for the Recovery Act grant program identified above. I have also read and reviewed section 1512(c) of the American Recovery and Reinvestment Act of 2009 (Public Law 111-5), concerning reporting requirements for grants. I agree that the applicant will comply with the reporting requirements set forth therein with respect to any grant the applicant may receive under the Recovery Act grant program identified above.

I acknowledge that a false statement in this certification may be subject to criminal prosecution, including under 18 U.S.C. § 1001. I also acknowledge that Office of Justice Program grants, including certifications provided in connection with such grants, are subject to review by the Office of Justice Programs, and/or by the Department of Justice's Office of the Inspector General.

I have authority to make this certification on behalf of the applicant entity (that is, the entity applying directly to the Office of Justice Programs).

U.S. DEPARTMENT OF JUSTICE
OFFICE OF JUSTICE PROGRAMS

Recovery Act – Justice Assistance Grant (JAG) Program

**General Certification as to Requirements for Receipt of Funds
for Infrastructure Investments**

On behalf of the applicant State or unit of local government (including tribal government) named below, I certify the following to the Office of Justice Programs ("OJP"), U.S. Department of Justice:

I have personally read and reviewed the section entitled "Eligibility" in the program announcement for the Recovery Act grant program named above. I also have personally read and reviewed section 1511 of the American Recovery and Reinvestment Act of 2009 (the "Recovery Act"), which requires a specific certification prior to receipt of Recovery Act funds for infrastructure investments.

Initial the statement that applies:

TSW The applicant identified below does not intend to use any portion of any funds received under this Recovery Act grant program for any infrastructure investment. Should this intention change, the applicant will promptly notify OJP, and (except to the extent, if any, that OJP has given prior written approval to expend funds to conduct the review and vetting required by law) will not draw down, obligate, or expend any funds received under this Recovery Act program for any infrastructure investment project until section 1511 of the Recovery Act has been satisfied, and an adequate project-specific certification has been executed, posted, and submitted to OJP.

_____ The applicant identified below does intend to use some or all of any funds received under this Recovery Act grant program for one or more infrastructure investment projects. Except to the extent, if any, that OJP has given prior written approval to expend funds to conduct the review and vetting required by law, I agree that the applicant entity will execute, post, and submit to OJP, prior to obligating, expending, or drawing down funds for such project, a project-specific certification that satisfies all of the requirements of section 1511 (including execution by the Governor, mayor, or other chief executive, as appropriate) for each such infrastructure investment project.
