Drug Enforcement Administration FOI/Records Management Section 8701 Morrissette Drive Springfield, Virginia 22152

JUN 2 3 2015

Case Number: 15-00143-F

Subject: Cell Site Simulators Deployed on Aircraft (January 1, 1997 to the present)

Nathan Freed Wessler American Civil Liberties Union (ACLU) 125 Broad Street 18th Floor New York, NY 10004

Dear Mr. Wessler:

This letter responds to your Freedom of Information/Privacy Act (FOI/PA) request dated November 19, 2014, addressed to the Drug Enforcement Administration (DEA), Freedom of Information/Privacy Act Unit (SARF), seeking access to information regarding the above subject.

The processing of your request identified certain materials that will be released to you with this letter. Portions not released are being withheld pursuant to the Freedom of Information Act, 5 U.S.C. 552, and/or the Privacy Act, 5 U.S.C. 552a. Please refer to the list enclosed with this letter that identifies the authority for withholding the deleted material, which is indicated by a mark appearing in the block next to the exemption. An additional enclosure with this letter explains these exemptions in more detail.

The information that you are requesting regarding, (#3) "all applications submitted to state or federal courts...for each sealed document"; (#4) "records reflecting the docket numbers—or, if available, other identifying information—of all criminal cases...as part of the underlying investigation"; (#5) "records reflecting the number of investigations in which cell site simulators deployed on aircraft...that have resulted in prosecutions", could be contained in any one of several DEA records systems, including the DEA Investigative Reporting and Filing System (IRFS), DEA Correspondence Files, and/or several field or headquarters offices throughout DEA. Many of these systems are Privacy Act (PA) Systems of Records and the information maintained relates to the activities and actions of individuals engaged in the illicit trafficking in controlled substances, the name, date of birth, and social security number are required to locate information, and a release authorization or other information as described in 28 C.F.R. § 16.3(a) is required.

The rules and regulations of the Drug Enforcement Administration applicable to Freedom of Information Act requests are contained in the Code of Federal Regulations, Title 28, Part 16, as amended. They are published in the Federal Register and are available for inspection by members of the public.

Case Number: 15-00143-F Page 2

For your information, Congress excluded three discrete categories of law enforcement and national security records from the requirements of the FOIA. See 5 U.S.C. § 552(c) (2006 & Supp. IV 2010). This response is limited to those records that are subject to the requirements of the FOIA. This is a standard notification that is given to all our requesters and should not be taken as an indication that excluded records do, or do not, exist.

If you are not satisfied with my response to your request, you may administratively appeal by writing to the Director, Office of Information Policy, United States Department of Justice, Suite 11050, 1425 New York Avenue, NW, Washington, DC 20530-0001, or you may submit an appeal through OIP's eFOIA portal at http://www.justice.gov/oip/efoia-portal.html. Your appeal must be postmarked or transmitted electronically within sixty days from the date of this letter. If you submit your appeal by mail, both the letter and the envelope should be clearly marked "Freedom of Information Act Appeal."

If you have any questions regarding your request, you may contact Government Information Specialist Josh Delo on 202-307-7748.

## FREEDOM OF INFORMATION ACT SUBSECTIONS OF TITLE 5, UNITED STATES CODE, SECTION 552

- (b)(1) Information which is currently and properly classified pursuant to Executive Order in the interest of the national defense or foreign policy.
- (b)(2) Materials related solely to the internal rules and practices of DEA.
- (b)(3) Information specifically exempted from disclosure by another federal statute.
- (b)(4) Privileged or confidential information obtained from a person, usually involving commercial or financial matters.
- (b)(5) Inter-agency or intra-agency documents which are subject to a privilege, such as documents the disclosure of which would have an inhibitive effect upon the development of policy and administrative direction, or which represent the work product of an attorney, or which reflect confidential communications between a client and an attorney.
- (b)(6) Materials contained in sensitive records such as personnel or medical files, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.
- (b)(7) Records or information compiled for law enforcement purposes, but only to the extent that the production of such law enforcement records or information (A) could reasonably be expected to interfere with enforcement proceedings; (B) would deprive a person of a right to a fair trial or an impartial adjudication; (C) could reasonably be expected to constitute an unwarranted invasion of personal privacy; (D) could reasonably be expected to disclose the identity of a confidential source, including a State, local or foreign agency or authority or any private institution which furnished information on a confidential basis; and, in the case of a record or information compiled by a criminal law enforcement authority in the course of a criminal investigation, or by an agency conducting a lawful national security intelligence investigation, information furnished by a confidential source; (E) would disclose techniques and procedures for law enforcement investigations or prosecutions or would disclose guidelines for law enforcement investigations or prosecutions if such disclosure could reasonably be expected to risk circumvention of the law, or (F) could reasonably be expected to endanger the life or physical safety of any individual.

#### PRIVACY ACT SUBSECTIONS OF TITLE 5, UNITED STATES CODE, SECTION 552a

- (d)(5) Materials compiled in reasonable anticipation of a civil action or proceeding.
- (j)(2) Material reporting investigative efforts pertaining to the enforcement of criminal law including efforts to prevent, control, or reduce crime or apprehend criminals.
- (k)(1) Information which is currently and properly classified pursuant to Executive Order in the interest of the national defense or foreign policy.
- (k)(2) Material compiled during civil investigations for law enforcement purposes.
- (k)(5) Investigatory material compiled solely for the purpose of determining suitability, eligibility, or qualifications for Federal civilian employment or for access to classified information, the disclosure of which would reveal the identity of the person who furnished information pursuant to an express promise that his identity would be held in confidence, or pursuant to an implied promise of confidentiality if such information was furnished prior to September 27, 1975.
- (k)(6) The substance of tests used to determine individual qualifications for appointment or promotion in Federal Government Service.

                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      | is or                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      | RE: TEIS Review PR D-13-ST-0467 (Harris Corp.)

Attachments:

Harris PR D-13-ST-0467 (updated TEIS sheets).pdf

to each line. The breakout should be:

Cap \$290,225 Non-cap \$102,646 OPS \$20,000

Also, the equipment should be delivered to ST.

Thanks, (b)(6)

Subject: TEIS Review PR D-13-ST-0467 (Harris Corp)

Hi (b)(6)

Welcome back! Here another wonderful 19 which I'm having issues reconciling the TEIS sheets with the 19/quote.

- The software on the quote is not included on the TEIS sheets, so I just recorded the software as OPS not knowing if the software should be valued in with capitalized or non-cap, or both.
- When totaling the TEIS sheets as prepared and adding the cost of the software and the training, my total is \$375 more than the 19/quote.

I've asked (b)(6) to take a look at his TEIS sheets to see if he can tell what is causing the \$375 discrepancy. One item on the 19/quote (KEYW Thoracic @ \$10,125) appears not to have its own separate TEIS sheet, so my guess the KEYW was valued in on one of the TEIS sheets. I asked (b)(6) to check to see if he valued the KEYW item \$375 greater than its actual value.

Any assistance, as always, is greatly appreciated.

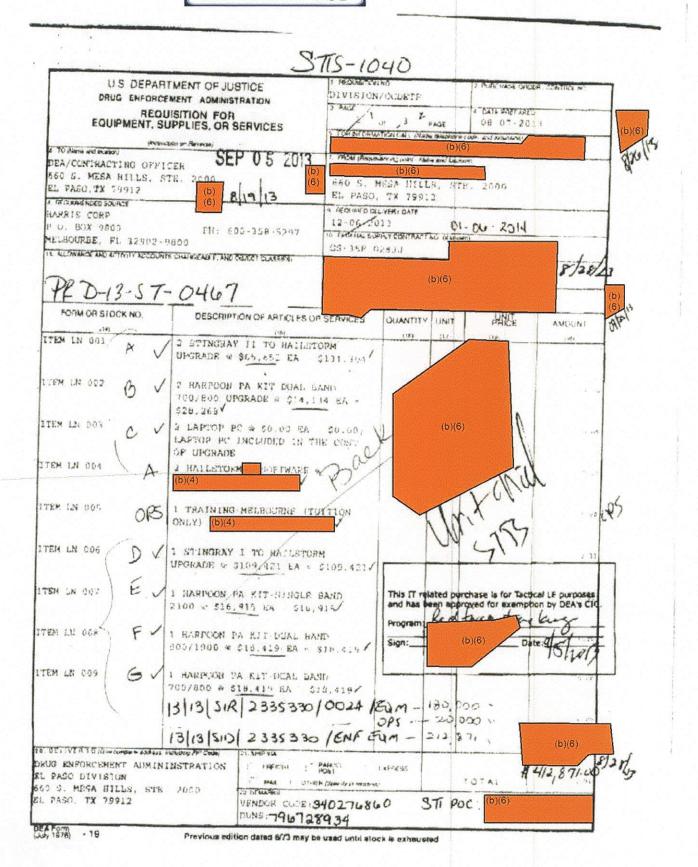

Thanks! (b)(6)

## Memorandum

Procurement Requirement for the El Paso Division

To

(b)(6)

Deputy Assistant Administrator
Office of Acquisition and
Relocation Management

The El Paso Division is in need of upgrading the existing Stingray and Stingray II devices assigned to the El Paso Division which are utilized for the location and identification of targeted cellular telephone devices pursuant to a court order. This upgrade, known as Hailstorm, would be conducted by the Harris Corporation as a sole source provider (due to the nature of the technology. Harris is the only vendor who can provide this service). The Hailstorm upgrade will enhance our cellular telephone tracking capabilities significantly and will allow DEA personnel to target, locate, and track all cellular telephones, to include 4G capable "smartphones". This critical upgrade will allow the El Paso Division to continue to expand its Title III intercept program, to locate fugitives, and to assist in locating DEA personnel. Confidential Sources, or members of the public that have been kidnapped or held against their will.

The division owns two Stingray II devices (located in El Paso) and one Stingray device (located in Albuquerque) that require the Harris Hailstorm upgrade. The total cost for the Hailstorm upgrade on the three devices has been quoted at \$412,871.00. The El Paso Office received an additional \$240,000.00 of Divisional funding on July 25, 2013 from Headquarters as a performance enhancement which will allow the El Paso Division to upgrade all three of these devices. With your concurrence, we would like to move forward with this procurement as soon as possible to secure this upgrade with available Fiscal Year 2013 funding.

Should you have any questions regarding this request, please contact ASAC (b)(6) at (b)(6) pr by email.

|    | Please list the quantity and a brief description of what you are purchasing (for example, 2 Fujitsu fi-6770 Flatbed ocument Scanners). For services, provide an approximation of how many positions or hours are included.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
|    | B UNITS TO BE UPGRADED. The upgrade is for the existing Stingray and Stingray II devices assigned to the U                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |

Paso Division which are utilized for the location and identification of targeted cellular telephone devices pursuant to a court order. This upgrade, known as Hailstorns, would be conducted by the Harris Corporation as a sole source provider. The Hailstorm upgrade will enhance our cellular telephone tracking capabilities significantly and will allow DEA personnel to target, locate, and track all cellular telephones, to include 46 capable "smartphones". This critical upgrade will allow the ELPaso Division to continue to expand its Title his intercept program, to locate fugitives, and to assist in locating DEA personnel. Confidential Sources, or members of the public that have been kidnapped or held against their will

- 15. Value of procurement action (this dollar amount should match the total of the attached DEA-19): 5412,871.00
- 16. Period of performance of the proposed action: Start: 9/1/2013 End: 12/6/2013
- 17. Explanation of the business or how required products or services are mission-essential:

The El Paso Division is in need of upgrading the existing Stingray and Stingray II devices assigned to the El Paso Division which are utilized for the location and identification of targeted cellular telephone devices persuant to a court order. This upgrade, known as Hallstorm, would be conducted by the Harris Corporation as a sole source provider (due to the nature of the technology, Harris is the only vendor who can provide this service). The Hallstorm upgrade will enhance our cellular telephone tracking capabilities significantly and will allow DEA personnel to target, locate, and track all cellular telephones, to include 4G capable "smartphones". This critical upgrade will allow the El Paso Division to continue to expand its Title III intercept program, to locate fugitives, and to assist in locating DEA personnel, Confidential Sources, or members of the public that have been kidnapped or held against their will.

18. Impact of this mission if not approved now:

The Hailstorm upgrade to our OTA devices will allow us to interrogate 4g LTE UMTS phones. The major service providers in our area for these phones are AT&T and T-Mobile.

(b)(7)(E)

This upgrade is critical to our mission in order to continue to expand its Title if intercept program, to locate fugitives and to assist in locating DEA personnel, Confidential Sources, or members of the public that have been kidnapped or held against their will.

19. Proposed Acquisition Vehicle: (e.g. GSA Schedule, SEWP, etc.)

GWAC - GSA Schedule

If you selected Other in question 19, please specify acquisition vehicle here:

- 20. Percent of this procurement that is (must equal 100%)\*:
  - a. Labor 0
- b. Hardware / Equipment <sup>()</sup>
- c. Software/Licenses ()
- d. Services 0

d. Other 100

## **DOJ Review EXEMPTION REQUEST**

The Department of Justice has exempted some IT purchases from their review process. Review the exemption criteria below. If one of them applies to you, please check the box and provide a detailed explanation of why you qualify.

DIRB Programs - Systems that are in-scope for oversight by the Department Investment Review Board (DIRB).

Routine Service Orders - Service orders (i.e., orders that do not require a source selection activity) under existing enterprise contracts, provided that the value of the service is \$500,000 or less.

Tactical Law Enforcement Operations & Litigation Support - New IT contracts and task orders required to support time-sensitive law enforcement operations and litigation support, provided that the value of the new contract or task order is \$500,000 or less.

Task Orders under Existing Blanket Purchase Agreements - New task orders under existing blanket purchase agreements , provided that the value of the task order is \$100,000 or less.

EXPLANATION: (Explain how this request meets one (or more) of the exemptions above)

These are upgrades to existing Stingray and Stingray II devices assigned to the El Paso Division

|    | The nature and/or description of the action being approved, i.e., sole source, limited competition, establishment of a new source, etc.                                                                                                                                                                                                                                                                                                                                                                                           |
|    | Sole source procurement of three technical investigative equipment upgrades to existing<br>Stingray and Stingray II devices.                                                                                                                                                                                                                                                                                                                                                                                                      |
| 2. | A description of the supplies or services required to meet the agency's needs and estimated value.                                                                                                                                                                                                                                                                                                                                                                                                                                |
|    | The Harris Corporation's Wireless Products Group is the manufacturer of the El Paso Division's Stingray and Stingray II devices used for over the air surveillance. The division owns two Stingray II devices and one Stingray device that require the Harris Hailstorm upgrade. The Hailstorm upgrade can only be accomplished at the Harris Corporation's manufacturing facility by the Harris Corporation's Wireless Products Group. The total cost for the Hailstorm upgrade on three devices has been quoted at \$412,871.00 |
| 3. | The statutory authority permitting other than full and open competition.                                                                                                                                                                                                                                                                                                                                                                                                                                                          |
|    | FAR Subpart 6.302-1(a)(1)(2)                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |
| 4. | A statement demonstrating the unique qualifications of the proposed contractor or the nature of the action requiring the use of the authority.                                                                                                                                                                                                                                                                                                                                                                                    |

The Harris Corporation's Wireless Products Group is the manufacturer of the Stingray and Stingray II devices used for over-the-air surveillance. Since this equipment was manufactured by the Harris Corporation, these upgrades can only be accomplished by the Harris Corporation at

APL 2011-13, Documentation and Justification Requirements for Sole Source and Limited Source Acquisitions

the Harris Corporation's manufacturing facility.

#### JUSTIFICATION FOR OTHER THAN FULL AND OPEN COMPETITION

5. A description of efforts made to ensure that offers were solicited from as many potential sources as is practicable. Include whether or not a FedBizOps announcement was made and what response, if any, was received, and include the exception under FAR 5.202 when not synopsizing. Describe whether any additional or similar requirements are anticipated in the future (This may not be included as an addendum, but must be in the body of the JOFOC.)

A FedBizOps announcement was not made since the Harris Corporation's Wireless Products
Group is the sole manufacturer of the Stingray and Stingray II devices. As the sole manufacturer
of the Stingray and Stingray II devices, they are the only source that can upgrade these devices
with Hailstorm.

Cite the anticipated dollar value of the proposed acquisition including options if applicable and a
determination by the Contracting Officer that the anticipated cost to the Government will be
fair and reasonable.

The Hailstorm upgrade to the El Paso Division's Stingray and Stingray II devices will cost a total of \$412,871.00.

 A description of the market research conducted and the results of a statement of the reason market research was not conducted. Do not simply refer to the sources sought synopsis.

Market research was not conducted since the Harris Corporation's Wireless Products Group is the sole manufacturer of the Stingray and Stingray II devices. The Hailstorm upgrade to the divisions Stingray and Stingray II devices can only be accomplished by the Harris Corporation at their manufacturing facility.

- 8. Any other facts supporting the use of other than full and open competition, such as:
  - a. Explanation of why technical data packages, specifications, engineering descriptions, statements of work or purchase descriptions suitable for full and open competition have not been developed or are not available.

Technical data packages, specifications, engineering descriptions, statements of work or purchase descriptions suitable for full and open competition have not been developed or are not available due to the Harris Corporation's Wireless Products Group being, the sole manufacturer of the Stingray and Stingray II devices. Since they are the sole manufacturer, these upgrades can only be accomplished by the Harris Corporation at their manufacturing facility.

#### JUSTIFICATION FOR OTHER THAN FULL AND OPEN COMPETITION

b. When FAR Subpart 6.302-1 is cited for follow on acquisition as described in 6.302-1(a)(2)(ii), an estimate of cost to the Government that would be duplicated and how the estimate was derived. (Citations were corrected on 4/15/2011)

This is a follow on procurement for the continued development or production of a major system or highly specialized equipment. Harris Corporation is the sole manufacturer for the Stingray equipment and the only provider that can provide the upgrade to this equipment. Harris Corporation was contacted for quote for upgrade of equipment.

| equipment and the only provider that can provide the upgrade to this equipment. Harris                                                   |
