

Dear Ms. Graybill and Mr. Block,

I am writing in response to the (attached) fax, which was addressed to Superintendent Rue and received by Northwest ISD on May 10.

As of May 3, 2011, Northwest ISD does not filter sites related to homosexuality, gay and lesbian rights, etc. The filtering system used by Northwest ISD continues to filter and block sites with inappropriate sexual content, pornography, profanity, and content not suitable for the educational setting.

If you have additional questions, please feel free to contact me at 817-215-0056 or lweaver02@nisdtx.org.

Also, we are working on the (attached) Public Information Request, which was addressed to America Gathings and received on March 9. Does the above information satisfy your questions, particularly questions 1-5? Please clarify the questions for which you still require a response.

Sincerely,

Lesley Weaver
