Morning Calvin,

We received the P.O. from Insight and are working towards getting the Austin PD project installed as soon as possible. To accomplish this, it is important that you complete the pre-planners for each of the two vehicles and the back-office pre-planner as soon as possible, so that we can insure that we order all the correct brackets and equipment. If you have any questions, feel free to contact Matthias Jezek, who is cc: on this email. He can also be contacted at 949-851-1600, ext 23.

Please let us know if we can assist in any way.

Ken MacKenzie
