Here is some info on an ALPR system that the Polk County SO in Florida has been real happy with.

Subject: License Plate Reader Documentation

Good Morning Lieutenant Cochran and Deputy Chief Tokajer,

As promised, attached is the documentation I generated a year or so ago during our search for a license plate reader vendor. The document titled "Recommendation Memo" goes into detail on the findings of our site visits in August 2009. I have also attached the memo I wrote this past February justifying our agency's sole source agreement with NDI, as I thought this may be of some interest to you as well. I hope that you find all of this helpful, and please feel free to contact me if you have any further questions.

Thanks,
Theresa

Our Vision: Polk County Sheriff's Office Members will protect the community by proactively preventing crime and safely detaining those arrested. Quality of life will be improved through innovation, education, teamwork, community partnerships, and exceptional customer service. We will measure, benchmark, and create models to ensure professional, efficient, quality service is provided to those we serve.

"Pride in Service"
