Go to Start -> right click on My Network Places -> select Properties

Right click on Local Area Connection -> select Properties -> highlight Internet Protocol (TCP/IP) -> select Properties

Remove selection from "Obtain an IP address automatically" and select "Use the following IP Address"

Internet Protocol (TCP/IP) Properties

General

You can get IP settings assigned automatically if your network supports this capability. Otherwise, you need to ask your network administrator for the appropriate IP settings.

☐ Obtain an IP address automatically

☒ Use the following IP address:

IP address: [Redacted]

Subnet mask: [Redacted]

Default gateway: [Redacted]

☐ Obtain DNS server address automatically

☒ Use the following DNS server addresses:

Preferred DNS server: [Redacted]

Alternate DNS server: [Redacted]

Advanced...

OK Cancel

Fill in the boxes as shown and click ok and close other windows.

Johnene:

I FAX'd the attached Quote on the license plate reader to Jill Cordova so that Bill Sagel can see if we need this extra license.

After getting response and we are going to order, new vendor info needs to be e-mailed. I thought it should be on sent on your e-mail if we are ordering from this company so they can respond to you.

Thanks

This the new company to order from (does not order through Federal Signal which is already in SAP)

X			Approved PR No. 10108164
X			Award based on NRS 332.115.1(a, g and h)
	X		Received DA approval for any associated contracts (Original ARC)

RECOMMENDATION:

That the Purchasing Manager, or her designee, approve the purchase of an Automated License Plate Recognition (ALPR) system from PIPS Technology, and authorize staff to issue purchase order(s), or take other action as appropriate.

BACKGROUND:

PIPS Technology donated two ALPR systems, including BOSS analysis software, to Las Vegas Metro Auto Theft Unit in 2006. These units automatically read license plates, from all states, for stolen and wanted subjects. This unit will be installed on one Laughlin marked patrol vehicle. Initial purchase amount to be \$22,425.00 and award amount represents additional purchases through June 30, 2008.

This approval will allow staff to make future purchases on an as-needed basis, subject to approved budget appropriations, as long as the competitive bidding exception applies. The total expenditures are not exceed \$100,000. -
