Karen Sheley

ACLU – Staff Attorney

Dear Karen:

In reference to your FOIA request I am sending you the following information.

1. We do not have policy regarding the usage of the LPR.
2. We receive data daily from the state with NCIC and state LEADS files which are uploaded into the LPR computer over writing the data from the previous day.
3. We do not share data with anyone.
4. We used Illinois Motor Vehicle Theft Prevention Council funds to purchase the LPR equipment.
5. We use the equipment to locate stolen motor vehicles.
6. Data captured is saved to the laptop computer and eventually is overwritten.
7. No training materials.

See attached documents.

If you have questions please contact me at 618-397-3087.

Gary Brewer

**Re: FOIA request regarding police department deployment of Automatic License Plate Reader ("ALPR") technology**

Dear Freedom of Information Officer:

We write to seek information about Automatic License Plate Reader ("ALPR") technology pursuant to the Freedom of Information Act ("FOIA"). 5 ILCS 140/1 *et seq.* ALPR technology is also sometimes referred to as Automatic Vehicle Identification, Car Plate Recognition, or License Plate Recognition technology. This records request uses ALPR in reference to any technology which is described by these terms or is substantially similar to the technology so described.

The time period for the request is from January 1, 2006 until the time of the production of the information.

Specifically, we seek the following records<sup>1</sup>:

1. All records regarding your policies, practices, and procedures relating to ALPR technology, including but not limited to:

---

<sup>1</sup> The term "records" as used herein includes, but is not limited to, all documents or communications of any kind preserved in electronic or written form, including but not limited to, correspondence, documents, data, videotapes, audiotapes, faxes, files, guidance, guidelines, evaluations, instructions, analyses, memoranda, agreements, notes, orders, policies, procedures, protocols, reports, audits, studies, inquiries, examinations, inspections, investigations, probes, surveys, rules, technical manuals, technical specifications, training manuals, and/or computer files and databases.

- a. Your agency's policies, practices and procedures for procuring and using ALPR technology;
  - b. Your agency's policies, practices and procedures for storing, accessing and sharing data obtained through ALPR technology.
2. All records regarding the procurement of ALPR technology, including but not limited to:
  - a. sources of funds used to pay for ALPR technology;
  - b. invoices for the purchase of ALPR technology;
  - c. local government approval for any ALPR purchase;
  - d. interactions with vendors, suppliers and potential suppliers of ALPR technology, including materials and fact sheets supplied by vendors describing their products.
3. All records regarding the use of ALPR technology, including but not limited to:
  - a. what types of data are obtained by the use of ALPR technology;
  - b. number of license plates scanned and/or read for each month in the time period;
  - c. number of ALPR units or systems acquired;
  - d. number of ALPR units or systems which are actively deployed;
  - e. method and location of that deployment for each unit or system actively deployed (e.g. mobile vehicle, street location of red light camera, etc.);
  - f. technical capabilities of the ALPR units;
  - g. number of "hits" (alerts provided by the ALPR system that it has scanned a license plate flagged for surveillance by your department or a cooperating document) which have occurred since your implementation of ALPR technology;
  - h. categorization of all "hits" by reason vehicle was flagged for surveillance (e.g. unpaid parking tickets; outstanding warrant; etc.).
4. All records regarding the storage of data obtained using ALPR technology, including but not limited to:
  - a. what types of data are stored for any period longer than an hour;
  - b. how long data is stored;
  - c. when data must be discarded;
  - d. how many individual license plate scan records your agency currently stores.
5. All records regarding access to ALPR data, including but not limited to:
  - a. the legal justification required before an individual accesses ALPR data;
  - b. purposes for which the data may be accessed;
  - c. purposes for which the data may *not* be accessed;
  - d. who may access the data, what procedures they must go through to obtain access, and who must authorize access;
  - e. the existence or non-existence of a system that records who accesses the data and when the data is accessed.

6. All records regarding the sharing of data obtained through ALPR technology, including but not limited to:
  - a. what type of data is shared;
  - b. which databases your agency puts collected ALPR data into;
  - c. third parties, governmental or private, that may access your agency's ALPR data, including what procedures third parties must go through in order to access the data and any restrictions placed on third parties regarding further sharing of your ALPR data;
  - d. any agreements to share ALPR data with outside agencies, corporations or other entities.
7. All records regarding the methods by which department obtains ALPR data, either obtained through ALPR technology or for the purpose of use by ALPR technology, from third parties, including a but not limited to a list of which databases your agency can access.
8. All training materials used to instruct members of your agency in ALPR deployment, data management, or operation of automated records systems that contain ALPR data to which any member of your agency has access, including regional or shared ALPR databases.

Please send the requested materials to: Karen Sheley  
Roger Baldwin Foundation of ACLU, Inc.

Suite 2300  
Chicago, Illinois 60601-1287

As you know, the Illinois FOIA requires that you make available for inspection and copying all public records, except certain exempt records, within five working days of receipt of a written request.

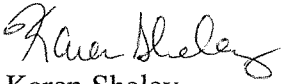

If you determine that portions of the requested records are exempt from the Act, we expect that you will delete such exempted material and send copies of the remaining non-exempt material within five working days. Also, if all or any part of this request is denied, please provide in writing the specific exemption(s) under the Act on which you rely to withhold the records.

We are prepared to pay reasonable copying costs for reproducing the requested materials, but request that you waive any such fees under the provision of FOIA that authorizes you to waive copying fees when release of requested information is "in the public interest." In compliance with section 6(b) of the amended FOIA, I represent to you that the documents are sought to determine information concerning the legal rights of the general public and this request is not for the purpose of personal or commercial benefit. Accordingly, a waiver of fees is in the public interest as defined by section 6(b).

If you deny the request for waiver, please notify me before compiling records for which the copying charge will exceed \$50.00 so that we can discuss narrowing the request to cover only the information I seek.

Please contact me at 312/201-9740 ext. 325, or via email at [ksheley@aclu-il.org](mailto:ksheley@aclu-il.org), if you have any questions regarding this request. Thank you for your prompt attention.

Sincerely,

A handwritten signature in cursive script, appearing to read "Karen Sheley".

Karen Sheley  
Staff Attorney

## MEMORANDUM OF UNDERSTANDING

### BETWEEN

THE ILLINOIS STATE POLICE, LAW ENFORCEMENT AGENCIES DATA SYSTEM  
(LEADS)

### AND

METRO EAST AUTO THEFT TASK FORCE, BELLEVILLE

---

#### GENERAL PROVISIONS

1. PURPOSE: The purpose of this Memorandum of Understanding (MOU) between the Illinois State Police (ISP), LEADS, and the Metro East Auto Theft Task Force, hereinafter referred to as the "parties", is to memorialize the parties' understandings regarding the transmitting, receiving, and storage of information contained in LEADS.

2. BACKGROUND: The ISP maintains the LEADS system of records containing multiple files. Two of the files, the Vehicle File and License Plate File, contain information relating to stolen vehicles, vehicles wanted in conjunction with felonies, and vehicles subject to seizure based on federal court orders. Additionally, information relating to vehicles in association with wanted persons is contained in the Wanted Person File.

The Metro East Auto Theft Task Force instituted state-of-the-art license plate screening technology from mobile and fixed sites. Their vendors provide software and screening devices that have the capability of scanning license plates and searching a local database loaded into a patrol vehicle computer or other location controlled by the agency. Data is provided to the law enforcement agency, not the vendor. Consequently, the Metro East Auto Theft Task Force has requested relatively current information from the LEADS files in order to compare scanned numbers against stolen license plates.

3. AUTHORITY: The ISP enters into this MOU under the authority provided by the LEADS Administrative Code, Title 20, Part 1240.

4. SCOPE: This MOU applies to the ISP's transmission of information from the LEADS Vehicle File and License Plate File. It also applies to the ISP's transmission of vehicle information from the LEADS Wanted Person File.

A. The ISP will:

1. Provide the Metro East Auto Theft Task Force with extracts from the Vehicle File, the License Plate File and vehicle information in the Wanted Person File;
2. Provide updated extract information on a mutually agreed to frequency;
3. Respond to specific inquiries from the Metro East Auto Theft Task Force; and
4. Provide the Metro East Auto Theft Task Force with the name and telephone number of a technical and an administrative point of contact. **Cindy Bowman, (217) 782-0539.**

B. The Metro East Auto Theft Task Force will:

1. Use the LEADS extracts for law enforcement purposes;

2. Provide the name and address(es) of vendor(s) involved:

EYENET ENFORCEMENT SYSTEMS

16350 S. 105<sup>TH</sup> Court, Orland Park, IL 60467

3. The license plate reader vendor representative(s) must have a state and national fingerprint based background check conducted using the criminal justice agency's NCIC ORI as a criminal justice applicant fingerprint check. If results of the state and national fingerprint based background check confirms a felony conviction or crimes involving moral turpitude, the individual vendor's access to LEADS will be prohibited. Please provide written confirmation along with this signed MOU that this has been completed.

4. Provide a criminal justice email address [REDACTED] for the LEADS data extract to be sent to daily;

5. Update its local database as ISP updates become available, ensuring that those numbers deleted from the LEADS system are also removed from all local databases;

6. Confirm extract hits are still active in LEADS, at the earliest reasonable opportunity, in accordance with current hit confirmation policy;

7. Ensure the LEADS data is not copied; and

8. Provide the ISP with the name and telephone number of a technical and an administrative point of contact at the Metro East Auto Theft Task Force (must be under the management control of the criminal justice agency) Gary Brewer 618 397 3087.

9. Provide written notification to ISP when the LPR (for both LEADS and NCIC) extracts are no longer needed.

5. FUNDING: There are no reimbursable expenses associated with this level of support. Each party will fund its own activities unless otherwise agreed in writing. Expenditures will be subject to budgetary processes and availability of funds pursuant to applicable laws and regulations. The parties expressly acknowledge that this in no way implies that the State will appropriate funds for such expenditures.

6. DISCLOSURE AND USE OF INFORMATION: The exchange of information will be limited to extracts from the Vehicle File, the License Plate File, and vehicle information in the Wanted Person File.

7. SETTLEMENT OF DISPUTES: Disagreements between the parties arising under or relating to this MOU will be resolved only by consultation between the parties and will not be referred to any other person or entity for settlement.

8. SECURITY: It is the intent of the parties that the transfer of information described under this MOU will be conducted at the unclassified level. No classified information will be provided or generated under this MOU.

9. AMENDMENT, TERMINATION, ENTRY INTO FORCE, AND DURATION:

A. All activities of the parties under this MOU will be carried out in accordance to the above-described provisions.

B. This MOU may be amended or terminated by the mutual written consent of the parties' authorized

representatives.

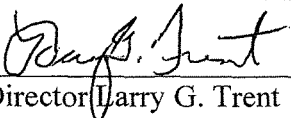

C. Either party may terminate this MOU upon 30 days written notification to the other party. Such notice will be the subject of immediate consultation by the parties to decide upon the appropriate course of action. In the event of such termination, the following rules apply:

1. The parties will continue participation, financial or otherwise, up to the effective date of termination.
2. Each party will pay the costs it incurs as a result of termination.
3. All Project information, copies thereof, and rights therein received under the provisions of this MOU prior to the termination will be destroyed within six months of the termination of this MOU.

10. This MOU, which consists of ten Sections, will enter into effect upon signature of both parties, will be reviewed annually to determine whether amendments are needed, and will remain in effect until terminated. This MOU is not intended, and should not be construed, to create any right or benefit, substantive or procedural, enforceable at law or otherwise by any third party against the parties, their parent agencies, the State of Illinois, or the officers, employees, agents, or other associated personnel thereof.

The foregoing represents the understandings reached between the ISP and the Metro East Auto Theft Task Force

Title: Director

NCIC ORI: 160823100

STATEMENT  
TO  
THE FEDERAL BUREAU OF INVESTIGATION

The purpose of this statement to the Federal Bureau of Investigation (FBI) from the Metro East Auto Theft Task Force, hereinafter referred to as the "parties," is to memorialize the parties' understandings regarding the transmitting, receiving, and storage of vehicle information contained in the FBI's National Crime Information Center (NCIC) system of records.

The Metro East Auto Theft Task Force has requested an extract of NCIC vehicle data from the FBI for the purpose of demonstrating license plate reader technology on 01/04/2008 - 01/18/2008.

The Metro East Auto Theft Task Force will, as a condition for receiving an extract containing vehicle information:

1. Use the NCIC extracts for law enforcement purposes only;
2. Confirm extract hits are still active in NCIC, at the earliest reasonable opportunity, in accordance with current hit confirmation policy;
3. Ensure that the NCIC data is not copied;
5. Secure all NCIC data and certify that the data will not be in the sole possession of a vendor;
6. Destroy the NCIC data immediately (not to exceed 6 hours) at the completion of the demonstration.
7. Notify the FBI POC at (304) 625-2752 that the extract has been destroyed.

I hereby certify that I acknowledge and will comply with the provisions of this document.

**Re: Eynet installation**

Monday, November 19, 2007 1:36 PM

**From:** "Gary Brewer" <meattf@sbcglobal.net>  
**To:** "Mike O'Brien" <mike.obrien@eyenet.us>

Mike

How about the 28th or 29th of November? Let me know and I'll have the car here.

**Mike O'Brien <mike.obrien@eyenet.us> wrote:**

Gentleman,

Are we any closer in trying to schedule an installation date?

RE: Eyelane100, License plate recognition software

I'd like to thank you and your staff for making the time to allow us to demonstrate the EyeNet solution. We feel the ability to capture plates and have them scan through a local database and, or, run them in real time is truly revolutionary for law enforcement. The following pricing is a temporary incentive program we are running.

*EyeNet is very pleased to quote the following:*

|                             |               |             |
|-----------------------------|---------------|-------------|
| EyeLane100 software package | 2@ \$7,900.00 | \$15,800.00 |
| Annual software maintenance | 2@ \$1,422.00 | \$ 2,844.00 |
| Color camera package        | 2@ \$ 600.00  | \$ 1,200.00 |

Total price to capture plates and query our local database    \$19,844.00

\*To query license plates in real time through NCIC, SOS & LEADS instantly  
Add: \$1,500.00 per car

\*\*Real time annual software maintenance – Add: \$270.00 per car

\*\*\* Installation is by others. Pricing guaranteed for 30 days.

\*\*\*\* Terms- 50% due upon receipt of customers purchase order, 40% due upon initial software delivery and 10% due upon completion and final hardware delivery.

Trusting this meets with your approval.

RE: Eyelane100, License plate recognition software

*EyeNet is very pleased to quote the following:*

|                                         |               |            |
|-----------------------------------------|---------------|------------|
| EyeLane100 software package             | 1@ \$7,900.00 | \$7,900.00 |
| Real Time LaneAlert package             | 1@ \$1,500.00 | \$1,500.00 |
| Color camera package                    | 1@ \$ 600.00  | \$ 600.00  |
| Annual software maintenance (2yr. min.) | 2@ \$1,200.00 | \$2,400.00 |

Total price per stolen vehicle task force: \$12,400.00

\*Eyenets standard three year minimum software maintenance shall be reduced to two years and \$1,200.00 per year if paid up front with originating purchase order to include 7-units in 2007.

\*\*Approval to allow other agencies to view product by appointment.

\*\*\* Installation is by others. Pricing guaranteed for 30 days.

\*\*\*\* Terms- 50% due upon receipt of customers purchase order, 40% due upon initial software delivery and 10% due upon completion and final hardware delivery.

Trusting this meets with your approval.

## **EyeLane100 and 200 Hardware Requirements**

**Mike O'Brien 708.691.2299**

**Technical Assistance Dave Carson 708.227.8682**

### **EyeLane 100 Hardware Requirements:**

Windows 2000 or higher  
Pentium IV 1.6M GHz or Pentium IV 2.4 GHz  
256MB Ram  
20MB Disk Space for Application  
100-150 kb per captured plate  
WDM compliant video capture

### **EyeLane 200 Hardware Requirements:**

Windows XP Pro  
Pentium IV 2.8 GHz  
512MB Ram  
25MB Disk Space for Application  
100-200 kb per captured plate  
Full size PCI or PCI Express IDS Quattro Capture Card  
Garmin protocol USB GPS

### **Camera Requirements for both**

Resolution 640 X 480 NTSC or 768 X 576 PAL  
480 TV Lines or above  
30 fps NTSC or 25fps PAL  
Shutter speed must be fast enough to provide sharp image  
Plate should be 1/5 to 1/6 of image width

## EyeNet Lane Patroller: The World's Most Flexible ALPR System

### AN UNTIRING EYE

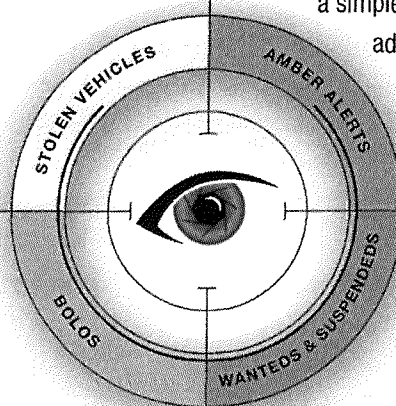

EyeNet Lane Patroller Automated License Plate Recognition (ALPR) technology provides law enforcement professionals with a reliable tool to track and capture offenders. EyeNet solutions deliver an "untiring eye," enhancing officer safety with audible and visual alerts even when suspects are missed by the officer's own eye. EyeNet Lane Patroller is deployable in mobile squad cars, fixed on highways, or virtually anywhere a video camera can be used.

### THE POWER OF FLEXIBILITY

EyeNet's powerful Lane Patroller software is fully compatible with off-the-shelf color video cameras, giving law enforcement agencies the ability to quickly and easily empower their in-car video equipment as state-of-the-art license plate recognition systems. EyeNet Lane Patroller is easily upgradeable to operate with high speed infra-red cameras to read plates moving in excess of 100 miles per hour, in all lighting conditions. Whether your department is looking to "walk" with a simple, affordable in-car system, or "run" with an advanced, feature rich high speed system, EyeNet solutions have you covered.

OFFICER

SAFETY

### Lane Patroller 100

EyeNet Lane Patroller 100 features include:

- Single camera deployment
- Fast, simple operation
- Compatible with existing in-car video systems
- Day/night use
- Alert notifications
- Low cost

### Lane Patroller 200

EyeNet Lane Patroller 200 features include:

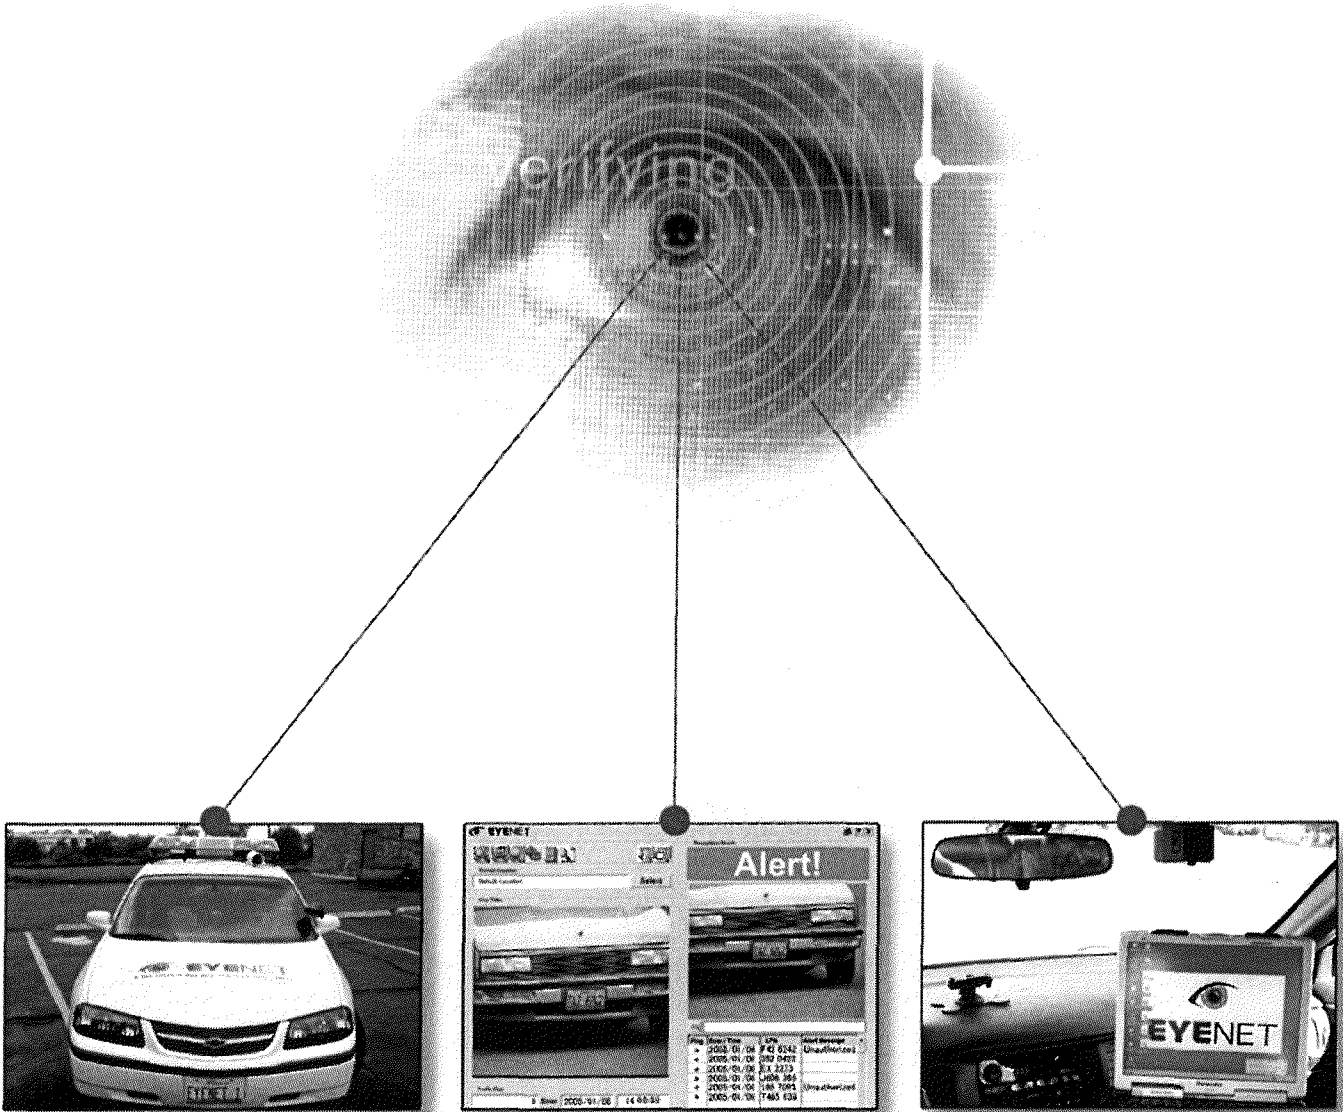

- Multiple camera ready deployment
- Color and black & white
- Day/night use
- Alert notifications
- High speed operation
- GPS integration option
- Low cost
