Mr. Morse,

I sent this response to your e-mail on 8/10/12, I received a response indicating that you were out of the office until August 20th and directions to send to the address below, I attempted a couple of times and I was getting a message of undeliverable to that particular address, sorry for the miscommunication, below is our response.

Subject: Request of Information

Mr. Morse,

~~I wanted to advise you that the Milford Police Department does not have a policy in place for responding to 911 calls concerning mentally ill individuals, however this may be covered in a classroom setting at the Delaware State Police Training Academy during academy sessions, if so they may have training records concerning this particular subject. The Milford Police Department does not have the records that you are requesting.~~

Concerning the second request for information// Automatic License Plate Readers, the Milford Police Department does not use this equipment, the department has not expressed an interest or pursued funding for this.

Thanks
