Sir:

Find attached the ALPR report completed by Detective Rizzitello. The report was delayed because internet connectivity problems prohibited him from being able to produce the report prior to today.

It was determined that Optimum erroneously disconnected their Internet service because of a previously scheduled work-order that was to relocate the service from TARU's Irvington Ave building to the IAD building on 16th Avenue. The relocation was canceled, although Optimum was unaware of the cancelation. The Business office however, resolved the issue and today service was re-established.
