Note that during the above week the ALPR System was used on November 21st, 26th, and 27th, 2011.

During the prior week, the dates of November 14th, 2011 to November 20th, 2011 the system shows that there were a total of 17834 reads, and of those results there were 509 hits.

This is different from the reads for the same dates on last weeks report that showed a total of 21064 reads, and of those results there was only 631 hits.

Infocop's, Allen Whitten has been advised of both the inability to connect to the Blackberry Server for updates and the situation of the discrepancy with the above numbers.

Note that during the above week the ALPR System was not used on November 19th, and 20th, 2011.

The ALPR system has a total number of 1,101,342 reads of which 25,161 are hits up until the current date of November 21st, 2011 at 0945 hours.

Respectfully Submitted;

Lt. Victor V. Jorge

SUBJECT: ALPR UPDATES AND WEEKLY REPORT

DATE: November 14, 2011

FILE REF:

Sir:

I respectfully report that the ALPR updates have been done and are currently up to date on our T.A.R.U. Server.

On the dates of November 7, 2011 through November 13, 2011 the A.L.P.R. statistic report showed 17272 Reads and 730 Hits. The A.L.P.R. statistics report also showed that the system was not used on November 13, 2011.

During the time period of Monday October 31, 2011 to and including Sunday November 6, 2011 there were 539 Reads and 16 Hits. The A.L.P.R. statistics report showed that the system was not used on the dates of November 1st, 3rd, 5th and 6th.

The ALPR system has a total number of 1048396 reads of which 23493 are hits (as of November 14, 2011).

Attached is a copy of the ALPR Read Statistics for the above mentioned dates.

-8495-

Respectfully Submitted;

TO: Derek Glenn, Captain
Commander, Special Investigation Division
FROM: Victor V. Jorge, Lieutenant
Commander, T.A.R.U.
SUBJECT: ALPR UPDATES AND WEEKLY REPORT
RE: October 24th – October 30th, 2011

DATE: 10/31/2011

FILE REF:

Sir:

I respectfully report that the A.L.P.R. updates have not been done to the ALPR due to connection problems to the BB server. Several attempts were made and M.I.S. was notified to make an attempt to reboot the server each time.

During the dates of October 24th, 2011 to October 30th, 2011 there was a total of 214 reads, and of those results there was only 1 hit.

Note that during the above week the ALPR System was only used on October 27th, 2011.

During the prior week, the dates of October 17th, 2011 to October 23rd, 2011 there were a total of 2965 reads, and of those results there were 63 hits.

Note that during the above week the ALPR System was not used on October 18th, 22nd, and 23rd, 2011.

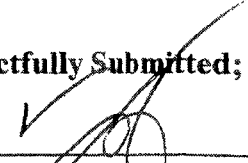

*I noted that there is a discrepancy of the above week with that of the same report from last week. This is due to a change in the reads and hits for October 17th, 2011. On last weeks report it showed 1407 reads, with 26 hits for that day.

On this weeks report for the same day of October 17th, 2011 it shows only 28 reads and 0 hits.

This would be explainable if there was an increase as it is possible due to the vehicle not downloading on that day. But since the number is lower I could not determine a viable explanation and called the ALPR systems Sales Representative/Technician Mr. Allen Witten, who was unable to give me an immediate response but did state that they would be looking into it as well the problem with connecting to the Blackberry server for updates.

The ALPR system has a total number of 1,027,809 reads of which 22,667 are hits up until the current date of October 31st, 2011 at 0933 hours.

SUBJECT: ALPR UPDATES AND WEEKLY REPORT
RE: October 24th – October 30th, 2011

Sir:

I respectfully report that the A.L.P.R. updates have not been done to the ALPR due to connection problems to the BB server. Several attempts were made and M.I.S. was notified to make an attempt to reboot the server each time.

During the dates of October 24th, 2011 to October 30th, 2011 there was a total of 214 reads, and of those results there was only 1 hit.

Note that during the above week the ALPR System was only used on October 27th, 2011.

During the prior week, the dates of October 17th, 2011 to October 23rd, 2011 there were a total of 2965 reads, and of those results there were 63 hits.

Note that during the above week the ALPR System was not used on October 18th, 22nd, and 23rd, 2011.

DATE: October 17, 2011

FILE REF:

Sir:

I respectfully report that the A.L.P.R. updates have not been done to the TARU Server and the ALPR 702 Vehicle.

The undersigned and Det. Padilla notified M.I.S. several times to update the server and I was notified by Det. Corchado that a error message appears on the server and it will not reboot. Last update shows as 10/10/11.

During the dates of October 10th, 2011 to October 16th, 2011 there was a total of 1109 reads, and of those results there were 34 hits.

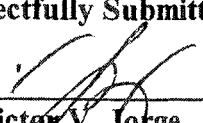

Note that during the above week the ALPR System was only used on October 11th, 2011.

During the prior week, the dates of October 3rd, 2011 to October 9th, 2011 there was a total of 4255 reads, and of those results there were 147 hits.

Note that during the above week the ALPR System was not used on October 7th, 8th, and 9th, 2011.

The ALPR system has a total number of 1,022,526 reads of which 22,563 are hits up until the current date of October 17th, 2011 at 1217 hours.
