RE: License Plate Reader

The Division of Criminal Justice Services currently has a license plate reader available, and has offered it to the Village of Rhinebeck Police Department free of charge. This technology normally costs approximately \$17,000. We would only be responsible for the cost of installation and a 2 year warranty totaling \$2,200.

License plate readers can enhance law enforcement's ability to detect violations of law, recover stolen property, apprehend fugitives, assist in investigations and more.

Obtaining this technology would be a great opportunity for the police department to better our community.
