Attachments: LPR Registration Form.doc

Thanks Chuck.

I just talked to Mike Geraci and Garrett Morford. Their office will do their best to have a policy paper ready for the June Conference in Lake George.

Mike would like to attend but may have a conflict. He's checking.

What day and time is the LPR/Traffic safety panel? Do you have a copy of the agenda to share now?

I or a member of my team will plan on joining you. My registration form is attached. Would you just ask them to set aside a room but that I'll settle the account upon check-out. I'm also checking with Counsel to see if there are any exceptions.

Tom
Here is the registration form for you to fill out (one for you and one for Mike) for the Division of Criminal Justice Services License Plate Reader Conference. Disregard the fact that it calls you an instructor.
Let me know ASAP one way or another if you need a room. The conference is June 19-20. I am still awaiting an agenda. Expect a great conference in which various cops will address how they have used the readers for traffic safety.

Chuck DeWeese, Assistant Commissioner
Governor's Traffic Safety Committee

Hello there...'

GTSC is a member of a national organization called the Governor's Highway Safety Administration (GHSA) and we are part of their listserve and routinely are asked questions such as the one below. Would you be interested in providing me with a quick 1-2 paragraph response to this question at your convenience to share some of our state's successes? I could answer but thought you would have better info.

Hope all is well with you and I am looking forward to the conference.

Chuck DeWeese, Assistant Commissioner
Governor's Traffic Safety Committee

Subject: [GHSA_DISCUSSION_LIST] License Plate Reader Cameras

The Massachusetts Executive Office of Public Safety and Security's Highway Safety Division is seeking information from states on their experiences with the use of license plate reader cameras on cruisers.
Thank you.
