(b)(6) these are some good background materials. Let us know if you would like us to share all or some of them with the rest of the subcommittee.

(b)(6) and George,

In advance of our call later today, I have attached some documents and listed a few links below that may be worthwhile to assign as part of the "homework assignments" we plan to give to subcommittee members. I'm not sure how much we generally assign, or if we want to provide more overall information to them. Please review and let me know if you think these would be good to assign and what else we may want to include. Thanks,
