We should be consistent with how we reference jobs for members. For example, (b)(6) has his previous government position but (b)(6) has her current affiliation. Make sense?

Attached please find an updated SME list, as well as the focus area list updated with listings of leads and participants for each section, based on the input received thus far. So far we have only received input back from (b)(6) and (b)(6). Hopefully the email reminder I just sent out will garner more responses. I will update these lists as more information comes in from the Members.

In the meantime, please let me know if there is anything that you need in advance of your briefings at Thursday's HSAC meeting with Secretary Johnson.

Thanks,

(b)(6)
