Subject: REQUEST re CVE state and local idea at last NCTC bfast

I mentioned at the last NCTC-DOJ-FBI-DHS breakfast that this group should propose and organize two WH conferences, perhaps hosted by their office of intergovernmental affairs and public engagement. In particular, the two distinct conferences would be with: (1) state and local

law enforcement; and (2) elected (and nonelected) community leaders (govs, mayors, religious leaders, NGOs, et al.).

The conferences would be outward manifestations of our hard work in this area and begin the process of doing a better job of communicating the substance of that hard work to a key constituency and much needed future partner: state and local leaders.

(b)(6) at NCTC loved the idea and wants to follow up. We've set up a call for tomorrow, Tuesday, October 18, at 10am ET. Would you guys have a rep or so join us, e.g., (b)(6) (b)(6)

(b)(6) will send around call-in info and find a conf room.

Thx.
