Good Evening,

Wanted to let you know that all three of you RSVP'd for tomorrow's event. Didn't want you guys to be surprised when you saw each other at the event. Hope it goes well and have a good time. They're expecting 200+ people to attend, should be a great event.

All:

I wanted to flag this event for you next week - if someone from your office does plan on attending please follow the RSVP instructions in the attached, and please also let me know, I would like to send a list back to OCP of who is going from our offices.

Thank you,

(b)(6)

Including (b)(6) who is running point on this...

Yes, would be totally fine, they should RSVP directly, thinking this could be good for PSO & HSAC to attend as well.

Thanks for reaching out!

Is it okay if I have someone from our Office of Academic Engagement attend this event? I think it would be helpful for them since it involves academia and I'm always curious if there is a way that OAE can support OCP in this effort moving forward. Even if it is from an awareness perspective so that we can keep the Secretary's Homeland Security Academic Advisory Council apprised of the various efforts our Department has with CVE.

Thanks for your feedback and consideration.

I am going to see if Lauren is planning to attend. If not, I would like to go since it is directly related to the work the CVE subcommittee is doing.
