Subject: CVE Intervention - Planning Meeting (update)

(b)(6) I trust all went well and you are back in sunny L.A.

I'm moving forward as we had planned to host a community focus group. Following the FBI CVE program roll out (and roll back) last week, I arranged a conference call with (b)(6) (MPAC DC) (b)(6) on Monday to follow-up and better understand the scope and community input.

Both (b)(6) made the recommendation to move forward with the a focus group so we can develop an organic community intervention model. With that we are moving ahead for a meeting on Nov. 16th at 10:30 at City Hall. Part of the recommendation is to invite other intervention experts and academics to explore different models (*which is exactly what you and I had discussed*). I have reached out to (b)(6) (GRYD) and she will be attending to share some of their gang intervention model. I will be reaching out to (b)(6) to see if we can get someone from DMH. Do you have suggestions for other "experts" that we can engage in this initial conversation?

Can you and I connect via phone? I like to flush out the strategy as we continue to moving ahead.

Best,

(b)(6)
