Hi (b)(6)

Thank you so much for including me! I'm technically on leave, but think this is an important discussion. Any chance there will be a dial-in?

Thanks!
(b)(6)

Following our CVE WG meeting, please join OCP staff for a read out from S&T's evaluation research project in Boston. (b)(6) will provide updates from her recent visit and 2.5 hour (!) discussion with Boston stakeholders and the Harvard research team conducting the evaluation.

Feel free to invite others if interested.
