Sue: see attached and below for my first draft of Carper congressional record statement. Let's discuss on Monday (you, me, BDV) how we need to tweak. As you know, this is close hold (just the 3 of us).

Have a great weekend!

The one hole is the "solid organizational footing" piece (CTAB and CVE). Because I know this is close hold, I didn't want to ask anyone outside our office for info on this, but didn't feel like I had the info to draft myself. Happy to discuss further on Monday. Also, any objection with me sharing this draft with Sue to get her input?

Hope this helps! ---Jeff
