Lauren, thanks for taking the first crack. We do need the issues we want the subcommittee to look at from George. Also, in this cane I would say we coordinated with Christian and George but nor Rob Silvers and probably not Phil. There is also month magic number of issues so it could be I or 4 or whatever we want. Erin or Katrina, it might be good to look at a few other examples of tasking memos to get a sense of the different ways we have done this. Does that make sense? Lauren, it would be good for you to see so you can educate George on how to do this.

Sarah,

Attached please find draft memos for your review, utilizing the templates you previously sent me. Please note:

-The content of the section outlining the topic of recommendation may need to be revised based on any language you receive from George, etc. Also any ot

Below are proposed agenda items for today's call:

membership on the subcommittee (in addition to Council members we can include other SMEs).

Do we want another co-chair for the subcommittee and if so who? No rule that we have a co-chair and it does not need to be an Council member.

We need to finalize the policy issues we want the subcommittee to review asap so that we can send up the memo to S1 for his review and signature and start planning the first meeting by December 1.

Discussion on recommendation (b)(5)
(b)(5) (This is an internal issue so if we have time we could decide after conversation with Farah).

Please let me know if I am missing anything. I can add a quick agenda to the invite to make sure we hit on everything

Also, proposed agenda items for the call should include:

membership on the subcommittee (in addition to Council members we can include other SMEs, including those with whom S1 met recently with David and team).

Do we want another co-chair for the subcommittee and if so who? I am supposed to speak to Matt Olsen tomorrow but will not make any promises. No rule that we must have a co-chair and it does not need to be an Council member. Farah could run it on her own.

We need to finalize the policy issues we want the subcommittee to review asap so that we can send up the memo to S1 for his review and signature and start planning their first meeting. The S1 Community Partnerships memo asks that we have the first HSAC subcommittee meeting by December 1. Lauren provided me with a few suggestions that I can share with you. We can solicit ideas from Farah during the call but ultimately I will be looking to your office to provide me with the content.

(b)(6)

David,

Are you free at 4:30 pm tomorrow? I think that time works for George, Sarah and Farah.

Thanks,

Erin

Hi Erin,

Unfortunately, tomorrow morning will not work. Would a 4:30pm EST call tomorrow work well?

Thanks!

Alysha
