Brian,

Attached is a summary. Irfan wasn't able to access the YouTube videos from his work computer but they are available on the websites linked in the summary. I've also attached the powerpoint he uses to describe the project. It has some images from the videos.

Thanks,

David

The word doc is attachment E and the slide deck is Attachment F for the CVE breakfast. Can you save in shared drive?

I have already added to BM.

I am reviewing SINET, FEMA, and Sherman now.
