**Subject:** CVE Legislative Proposals

All,

Per our discussion yesterday afternoon at the CVEWG, the Department is putting together a series of legislative proposals. Most components and offices already submitted ideas in their mission areas and these were presented to the Secretary at a recent CTAB. However, none of these proposals were meant to counter violent extremism.

Attached I have outlined a number of draft CVE-related legislative proposals on this topic that I can submit to Office of Legislative Affairs for consideration. Please review and provide any input on these today. If you have other ideas please add them.

Thanks,

David
