Subject: RE: Invitation to Speak at DOJ CVE Conference
[US UK Canada Radicalization and Violent Exremism Conference - Draft Public Agenda \(2\).pdf](#)

Ehsan,

Looking at the draft agenda (attached), your panel would be at 8:30 AM on July 29th, which is Day 2 of the conference.

Best regards,
Jon

Subject: Invitation to Speak at DOJ CVE Conference

Good afternoon Ehsan & Haroon,

I am writing on behalf of Dr. Richard "Rik" Legault. Rik and I have been in discussions with our CVE research counterpart at the Department of Justice, John Picarelli, about an upcoming US/UK/Canada Radicalization and Violent Extremism Conference being hosted by the Department of Justice on July 28th-30th.

John has expressed that he is looking for panelists to speak on prevention and disengagement during a session titled:

"Preventing Radicalization and Constructing Resilience- An alternative to identification and countering of radicalization to violent extremism is to prevent radicalization in the first place. The emphasis on prevention ranges from the construction of more resilient communities to the countering of ideological recruitment"

Rik recommended extending an invitation to CRCL and NPPD representatives to speak on this subject and we would like to propose the invitation to you. I have attached the draft agenda of the conference to this email. If you have any question please call Rik Legault at 202-254-6829, or myself at 202-254-5616. We will follow up soon but I wanted to bring this to your attention sooner rather than later.

Best regards,
Jon
