Subj: YOUR FREEDOM OF INFORMATION ACT (FOIA) REQUEST

Dear Ms. Crump:

This responds to your request of July 30, 2012, in which you requested records regarding automatic license plate readers (ALPRs). Your request was forwarded to our office by the Department of Justice's Office of Justice Programs with two responsive documents. This request was received by our office on December 14, 2012 and assigned file number SSC LANT 13037.

This is a partial release of the SPAWAR Systems Center Atlantic's License Plate Recognition Data (LPRD) System Design Document and LPRD Handbook in the manner that you requested. Some portions of the enclosed documents, i.e., names of contractors and SPAWAR employees, have been redacted from these documents. This partial release of the requested information is not intended to be a denial of your FOIA request, but rather a means by which we can expedite the release of the requested documents based upon our analysis of the requested documents. If you desire to pursue release of the redacted portions of these documents, please so advise me and I will forward your request to the command's Initial Denial Authority, Commander, Space and Naval Warfare Systems Command, for a determination of the release ability of the redacted information.

There are no fees associated with this request by this agency at this time.

Sincerely,

A handwritten signature in black ink that reads "Andy R.".

ANDY ROSENBAUM
