John,

Absolutely. The deck is posted in the following link. Let me know if you can access it. If not we'll provide you access.

Sarah,

Would it be possible for us (those copied on this e-mail) to get access the BDA briefing on OLC that Kelly references below?

Thanks,

John B.

John D. Bauer

Subject: BDA program changes

John, Linda,

Sarah Tauber gave a presentation today at the SLT meeting about the changes to the BDA program and the results of the optimization study. The briefing is on OLC and available for everyone in OSO to review. I found the briefing informative and if you can get access you might want to review. Sarah also mentioned that OSO is in the process of drafting revision 4 of the BDA SOP.

Kelly D. Wheaton

Deputy Chief Counsel, Enforcement
