- CRP No. 3138 – Wall Street/Waikiki Road/Mill Road Project.
- Bid No. P7585 – Rubberized Asphalt.
- Bid No. P7579 – Vehicles.
- Bid No. P7572 – Community Services Building Chiller Replacement.

ABSTRACT

JAG FY 12 – Spokane County and City of Spokane Enhance and Expand Law Enforcement and Prosecution Programs

Applicant Name: Spokane County

Title of Project: JAG FY 12 – Spokane County and City of Spokane Enhance and Expand Law Enforcement and Prosecution Programs

Goals of Project: To increase the capacity of community-based policing and affiliated prosecution services and programs in Spokane County and City of Spokane. Project goals include: 1) Expand communications for first responders through the purchase of mobile data computers to provide current technology to officers or deputies in the field, 2) Enhancing officer safety in specialized tactical teams through the use of tactical equipment, 3) Boosting apprehension and prosecution of criminals through the identification of license plates of vehicles driven, and 4) Hiring of personnel in the prosecutor's office providing critical staff support for all aspects of the charging, pre-trial, prosecution and sentencing of criminals in property and drug crimes.

Description of Strategies Used: Technology and communication can render a tremendous advantage to combating crime in the community. A proactive crime fighting approach is more effective than the best reactive plans. With this in mind, the Spokane County Sheriff and City of Spokane Police Department have developed a collaborative approach working with the Prosecutors Office to focus on the apprehension and prosecution of those committing crimes in our community. Identifying criminals in the community quickly prevents further crimes from occurring and reduces the number of victims as well. This strategy is aimed at achieving more effective and efficient crime control, reducing fear of crime, improving quality of life for our citizens and improving law enforcement services. Targeted intervention through the identification of license plates on vehicles will effectively reduce the amount of suspects on the "streets" and out in the community from perpetrating more crimes in our community. The cooperative partnership aids in addressing community safety and facilitating situations that require the response of both agencies. Implementation of proactive policing and community-based policing reduce crime and improve the relationship between law enforcement and the community.

PROGRAM NARRATIVE

JAG FY 12 – Spokane County & City of Spokane Enhance and Expand Law Enforcement and Prosecution Programs

Spokane County and City of Spokane respectfully submit this joint application in regards to the 2012 Edward Byrne Memorial Justice Assistance Grant (JAG) Program. Spokane County, Office of Financial Assistance will act as fiscal and administrative agent for the JAG Award. The Spokane County, Office of Financial Assistance centrally administers all of Spokane County's grants and will be responsible for all aspects of grant administration details including disbursement of funds and monitoring of sub recipients; and, collecting and submitting financial and performance measure reports. Financial accounting of reimbursement and expenditures are tracked and recorded through an individual grant identifier and budget line class codes for each grant received to ensure proper management and tracking of federal funding.

Spokane County and City of Spokane are eligible units of government appearing on the FY 2012 JAG Allocations List as set forth at www.bja.gov/prgorams/jag/12jagallocations.html. These two (2) units of government are certified as disparate jurisdictions under the following circumstances set forth by the Bureau of Justice of the Office of Justice Programs, Department of Justice. A disparate jurisdiction occurs when a city or municipality is allocated one-and-a-half times (150%) more than the county, while the county bears more than 50-percent (50%) of the costs associated with prosecution or incarceration of the municipality's Part 1 violent crimes.

The total amount of funding available to the two (2) jurisdictions is \$155,875 with Spokane County allocated \$20,610 and the City of Spokane allocated \$135,265. By mutual agreement of the two (2) jurisdictions set forth in Spokane County Resolution number 2011-0572 Spokane County and the City of Spokane re-allocated the funding to each jurisdiction at \$70,144. The remaining \$15,587 is for the costs associated with administering the JAG award, which is ten-percent (10%) of the award total. Spokane County will split the funding of \$70,144 between the Sheriff's Office and the Prosecutors Office for an equal share of \$35,072.

Through collaborative efforts between agencies, Spokane County and City of Spokane continue to work to increase the capacity of community-based law enforcement and affiliated prosecution services and programs. Funding awarded under a JAG grant will enable law enforcement to purchase computer software/hardware to enhance officer communications in vehicles, in the field or otherwise not at a desktop computer. This purchase of equipment for tactical purposes benefits law enforcement when responding to high-risk entries or dangerous situations aiding in greater officer safety and decreasing the potential for further escalation. The purchase of license plate readers will aid law enforcement in apprehension and prosecution of criminals. These license plate readers are mounted on a vehicle and scan license plates in the field of vision of the mobile vehicle. Once scanned, images are compared against a database which contains license plate numbers of vehicles of interest. This tool allows law enforcement to more quickly recover vehicles as well as locate suspects increasing policing efforts community-wide. As the City of Spokane was the fourth largest per capita vehicle theft city in the nation for 2010, these license plate readers will be a helpful tool. Hiring of personnel in support of the prosecution and court programs for property and drug crimes is essential to the charging, full prosecution and sentencing of suspects. The position supported under this grant would be responsible for generating all documents for trial, court and attorney scheduling as well as data entry into a specialized case management system. As this is a joint application, please see the following sections for a breakdown of spending by agency.

Spokane County

The Spokane County Sheriff's Office requests funds to purchase computer software/hardware consisting of six (6) Mobile Data Computers (MDC's) at a cost of \$5,845.33 each, for a total of \$35,072. Communications between the Joint Communication Center and deputies is accomplished by the Mobile Data Computer. This equipment is necessary to improve and enhance officer communications in vehicles, in the field or when not otherwise at a desktop computer. Deputies use the computer to put themselves on Calls for Service or self-initiated events; to clear Calls for Service, and to update Calls for Service. Civil Deputies will use the MDC to access the law enforcement network and service of Civil Orders of Protection and Anti-Harassment Orders in regards to incidents and/or cases identified. MDC's will allow all first responders to know the location and the type of call to which they are responding. Citizens of Spokane County will benefit from the use of technology designed to provide law enforcement with comprehensive data communicated efficiently, thereby increasing response capacity as well as proactive policing throughout the community.

The Spokane County Prosecutor's Office requests funds for hire of personnel to support the prosecution and court programs of property and drug crimes. This position is essential in providing necessary support for the coordination of all aspects of the charging, pre-trial and sentencing of criminals. The position supported under this grant would be responsible for generating all documents for trial, court and attorney scheduling as well as data entry into a specialized case management system. This support staff position would be funded over approximately a year for a cost of \$24,130 in salary/wages and \$10,942 in benefits for a combined total of \$35,072.

City of Spokane

The City of Spokane, Police Department requests to use their allocation of \$35,072 to purchase equipment to be used for law enforcement purposes. This tactical equipment includes assault rifle suppressors for the SWAT team and mobile automated license plate readers. The purchase of license plate readers will aid law enforcement in apprehension and prosecution of criminals through identification of the license plate of a vehicle driven. The SPD SWAT team requests 25 suppressors for their Commandos (.223 assault rifles). Each team member is assigned a Commando assault rifle. Due to the fact that these weapons are used during tactical entries; they were purchased with shorter 11.5 inch barrels. This shorter barrel does increase the amount of muzzle flash, noise, and concussion produced by the weapon. These weapons are deafening when they are fired in closed space, such as the interior of a residence. The muzzle flash and concussion produced by these weapons also create a potential of officer safety issues. In a darkened environment, the muzzle flash can be blinding and could decrease the chances of making a successful shot. The concussion produced can be distracting to the shooter and other team members. This also can decrease the chance of making a successful second shot. In a hostage rescue situation, a team member may have to fire several highly surgical shots. An errant or misplaced shot could easily take the life of a hostage. By placing a suppressor on the weapon, the accuracy of the second shot could be greatly improved. The suppressor also reduces any damage done to the team members' hearing. The cost of the suppressors is \$20,144, with an individual cost of \$805.76.

In addition to the suppressors, the Spokane Police Department would like to request funds for two (2) mobile automated license plate readers at a cost of \$25,000 each, for a total of \$50,000. The purchase

of license plate readers will aid law enforcement with apprehension and prosecution of criminals through identification of the license plate of a vehicle driven. These license plate readers are mounted on a vehicle and scan the license plates of vehicles in the field of vision of the mobile vehicle. These scanned images are compared against a database which contains the license plates of vehicles of interest. This includes stolen vehicles, as well as other wanted vehicles, such as those driven by a subject wanted for another offense (such as an AMBER alert). Once a scanned image "hits" against the database, a notification is provided. This tool allows law enforcement to more quickly recover stolen vehicles as well as locate suspects when driving known vehicles. As the City of Spokane was the fourth highest per capita vehicle theft city in the nation for 2010, these license plate readers will be a helpful tool to the apprehension and prosecution of suspects for their crimes while also reuniting victims with their vehicles sooner. The license plate readers should help decrease our vehicle theft rate in the community.

A. Personnel	Computation	Cost
Spokane County Prosecutor Office - Support Staff Position	\$2413 a month X 10 months	\$ 24,130

SECTION A TOTAL \$ 24,130.00

Personnel Narrative

SPOKANE COUNTY, PROSECUTOR OFFICE: The Spokane County Prosecutor will use funding for the prosecution and court programs purpose areas of the Grant. Funding will be used to fill a support staff position in the prosecution of property and drug crimes for an approximate 10 month time frame during the award period. The staff support position will assist attorneys involved in the prosecution of property and/or drug crimes by generating all necessary court documents for charging, trial preparation, and sentencings. The staff support position will also be responsible for scheduling court dates and calendaring for the attorneys as well as all data entry into the specialized case management system.

Consultants/Contracts Narrative

Contract with City of Spokane, Police Department for: 1.
The City of Spokane, Police Department requests funds for suppressors for law enforcement purposes to reduce citizen and officer safety issues as well as reduce the damage being done to team members' hearing. The suppressors manage muzzle flash and concussion, reducing the risk of errant shots in a tactical situation.
2. The City of Spokane, Police Department also request funds for the purchase of mobile license plate readers. These mobile license plate readers automatically read license plates and compare them against selected databases and alert officers of vehicles of interest, such as stolen vehicles, wanted suspects (such as an AMBER alert), or other vehicles of investigative interest. This tool will assist in the apprehension of suspects responsible for crime in our community as well as recover stolen vehicles more quickly for victims.

MEMORANDUM OF UNDERSTANDING BETWEEN
SPOKANE COUNTY AND THE CITY OF SPOKANE

2012 EDWARD BYRNE MEMORIAL JUSTICE ASSISTANCE GRANT

THIS MEMORANDUM OF UNDERSTANDING ("MOU") is between SPOKANE COUNTY ("COUNTY") a political subdivision of the State of Washington having offices for the transaction of business at 1116 West Broadway Avenue, Spokane, Washington 99260 and the CITY OF SPOKANE ("CITY") a municipal corporation of the State of Washington, having offices for the transaction of business at 808 West Spokane Falls Boulevard, Spokane, Washington 99201, jointly referred to as the PARTIES.

WITNESSETH:

WHEREAS, the PARTIES are making a joint application for the 2012 Edward Byrne Memorial Justice Assistance Grant (JAG) Program hereinafter referred to as the "Grant;" and

WHEREAS, the PARTIES are required in conjunction with the grant application process to sign a Memorandum of Understanding indicating who will serve as the applicant/fiscal agent for the grant as well as to allocate among themselves the grant funds and identify the purposes for which the funds will be used; and

WHEREAS, pursuant to the requirements of the Grant, the PARTIES are desirous of reducing to writing their understanding as to who will serve as the applicant/fiscal agent for the Grant as well as the distribution to each of the PARTIES and the purposes for which the funds will be used; and

WHEREAS, each of the PARTIES finds that the performance of this MEMORANDUM OF UNDERSTANDING is in the best interests of both parties, that the undertaking will benefit the public, and that the division of costs fairly compensates the performing party for the services or functions under this MOU.

NOW THEREFORE, the Parties agree as follows:

SECTION NO. 1: DESIGNATION OF APPLICANT/FISCAL AGENT

The PARTIES hereby agree that the COUNTY shall be the designated applicant/fiscal agent in conjunction with the Grant.

SECTION NO. 2: ALLOCATION OF GRANT MONEYS

The PARTIES agree that the Grant amount of ONE HUNDRED FIFTY FIVE THOUSAND EIGHT HUNDRED SEVENTY FIVE AND 00/100 DOLLARS (\$155,875) shall be split among the PARTIES as follows and in accordance with COUNTY Resolution No. 2011-0572:

Spokane County	\$85,731 (including administrative costs)
City of Spokane	\$70,144

SECTION NO. 3: USE OF GRANT FUNDS BY THE PARTIES

The CITY agrees to use the \$70,144 for law enforcement programs, including the purchase of equipment to assist in property crime investigations and equipment to support the Spokane Police Department's SWAT Team.

The COUNTY agrees to use \$35,072 for the purchase of mobile data computers to enhance communication and performance of law enforcement in the Spokane County Sheriff's Office, and \$35,072 for support staff in the Spokane County Prosecutor's Office to enhance prosecution. The COUNTY will also use \$15,587 for administrative costs related to the Grant.

SECTION NO. 4: LIABILITY FOR CLAIMS

Each party to this MOU shall be responsible for its own actions in providing services under this MOU and shall not be liable for any civil liability that may arise from the furnishing of the services by any other party.

SECTION NO. 5: THIRD PARTY RIGHTS

The PARTIES to this MOU do not intend for any third party to obtain a right by virtue of this MOU. This Memorandum shall not create any rights in any party not a signatory hereto.

SECTION NO. 6: ENTIRE UNDERSTANDING

This MOU contains the entire understanding of the PARTIES. No representations, promises, or agreements not expressed herein have been made to induce any party to sign this MOU.

SECTION NO. 7: AGREEMENT

Upon award of the Grant, the PARTIES shall enter into an Agreement setting forth the final terms and conditions of the Grant allocation and management.

Agenda Wording

MOU Agreement with the Spokane County to apply for the Edward Byrne Memorial Justice Assistance Grant, CFDA Number 16.738. The total amount of the grant is \$155,875 that both the County and City will share in the amount of \$70,144 for equipment.

Summary (Background)

The Edward Byrne Memorial Justice Assistance Grant (JAG) Program is the primary provider of federal criminal justice funding to state and local jurisdictions and supports all components of the criminal justice system. The Spokane County will be acting as the Fiscal Agent for the term of this grant according to OPR 2011-0742. The City will use the monies to purchase equipment to assist in property crimes investigations and to support the Spokane Police Department's SWAT team.
