JAG GRANT

2010

PROGRAM NARRATIVE:

The Greenville Police Department is requesting JAG funding for the purchase of an infrared Automated License Plate Reader (ALPR) system. The system would be hard mounted in a patrol vehicle that is operated on a 24/7 schedule. The ALPR basically catches images of license plates, runs the plate through local, state and national data bases and gives the officer a return of information. This system will alert the officer of stolen vehicles, stolen license plates, bolo's, and alerts. The ALPR is capable of scanning four license plates per second for a total of 345,600 per day. Now this is operating at a maximum capacity under perfect conditions. The average number of license plates scans that will occur per day is 24,000. The average amount of license plates ran per officer per day is around 40; this includes traffic stops. If a department works eight hour shifts, this equates to around 120 plates per day. This means that an officer, who is in a vehicle equipped with an ALPR system, is 200 times more likely to run across a stolen item or wanted person. This will have a dramatic positive effect on crime and justice in our community.

The Hunt County Sheriff's Office is in great need of getting all of their patrol unit vehicles traffic enforcement ready. The Sheriff's Office covers approximately 900 square miles, serves nearly one hundred thousand citizens and when fully staffed will have five deputies and one supervisor on duty per shift. The Sheriff's Office was recently approved an additional patrol vehicle but does not currently have funding to place traffic enforcement and patrol equipment on it. The reallocated funds from the City of Greenville to Hunt County will allow the purchase of an overhead light bar, a complete camera system and a speed detection radar unit. These items, after installation, will allow the new vehicle to meet their requirements to be patrol duty ready.

Without this JAG funding these projects would not have been possible. Each project will increase efficiency and will make each jurisdiction a safer community to live and work in. The City of Greenville Police Department and Hunt County Sheriff's Office will be requesting more funding in their upcoming budgets to further enhance their JAG projects.

The City of Greenville has a special projects account that has already been established for the allocated JAG funds. An inter-local agreement is in place between the Hunt County Sheriff's Office and the City of Greenville. The City of Greenville will act as the administrator of the grant. All purchases and payments to the disparate jurisdiction will be designated by the project account number for proper tracking of these specific funds. All purchases will be made through state contracts or the bidding process as regulated by the Texas Local Government Code Chapter 252. These projects will start immediately upon funding.

BUDGET AND BUDGET NARRATIVE:

The Greenville Police Department is requesting JAG funding for the installation of a complete license plate reader system. The system will be permanently mounted in a patrol vehicle and used to detect stolen vehicles, wanted persons, and gather intelligence. This funding will be the sole source funds used for this project.

All purchases will be made through state contracts or the bidding process as regulated by the Texas Local Government Code Chapter 252. Any administrative cost will be absorbed by the City of Greenville through regular revenue budgeting. Items to be purchased are as follows:

1	Automated License Plate Reader (infrared/complete system)	19,686.00
TOTAL		19,686.00

The Hunt County Sheriff's Office is requesting JAG funding for the installation of a camera system and an overhead light bar on a recently purchased patrol vehicle. The vehicle, when shipped will not have these two items installed and there are currently no funds available to outfit the vehicle with such equipment. This funding will be the sole source funds used for this project.

All purchases will be made through state contracts or the bidding process as regulated by the Texas Local Government Code Chapter 252. Any administrative cost will be absorbed by the Hunt County Sheriff's Office through regular revenue budgeting. Items to be purchased are as follows:

1	Light bar for patrol vehicle	1,359.00
1	Camera system for patrol vehicle	2,995.00
1	Speed detection radar	1,350.00
TOTAL		5,704.00

<u>Complete cost of both projects</u>	<u>25,390.00</u>

General Certification as to Requirements for Receipt of Funds
for Infrastructure Investments

On behalf of the applicant state or unit of local government (including tribal government) named below, I certify the following to the Office of Justice Programs ("OJP"), U.S. Department of Justice:

I have personally read and reviewed the section entitled "Eligibility" in the program announcement for the Recovery Act grant program named above. I also have personally read and reviewed section 1511 of the American Recovery and Reinvestment Act of 2009 (the "Recovery Act"), which requires a specific certification prior to receipt of Recovery Act funds for infrastructure investments.

Initial the statement that applies:

 sd The applicant identified below **does not intend to use** any portion of any funds received under this Recovery Act grant program for any infrastructure investment. Should this intention change, the applicant will promptly notify OJP, and (except to the extent, if any, that OJP has given prior written approval to expend funds to conduct the review and vetting required by law) will not draw down, obligate, or expend any funds received under this Recovery Act program for any infrastructure investment project until section 1511 of the Recovery Act has been satisfied, and an adequate project-specific certification has been executed, posted, and submitted to OJP.

 The applicant identified below **does intend to use** some or all of any funds received under this Recovery Act grant program for one or more infrastructure investment projects. Except to the extent, if any, that OJP has given prior written approval to expend funds to conduct the review and vetting required by law, I agree that the applicant entity will execute, post, and submit to OJP, prior to obligating, expending, or drawing down funds for such project, a project-specific certification that satisfies all of the requirements of section 1511 (including execution by the Governor, mayor, or other chief executive, as appropriate) for each such infrastructure investment project.
