Mr. Wheaton,

Thank you for OCC's review of the Revised Enhanced Behavior Detection Concept of Operations for New and Existing Pilot Sites.

OCC's comments have been reviewed and OSC will be sure to keep OCC in the loop as the requested documents are being worked and are not final as of yet. Staff is currently waiting for the approval of the concept memo to complete the CONOPS and the SOP. OSC anticipates working closely with OCC to finalize Behavior Detection procedures to ensure that it is applied in the most efficient and effective manner with respect to passenger privacy and civil rights.

Please let us know if we can move the memo forward to ExecSec for Administrator Pistole's approval.

Thank you,

Florita (Flo) Bynum

Susan,

Francine has authorized me to clear on this draft action memo to Mr. Pistole extending the Assessor proof of concept and authorizing the test of a revised, expanded Assessor CONOPS. I note that the action memo and attached CONOPS outline doesn't give the necessary detail for us to foresee or explore all possible legal issues. Thus, we need to see the documents produced to implement this concept (e.g. CONOPS and SOPs) to effectively review and determine legal issues. Bottom line is that the "devil is in the details" and we need to be involved in the preparation and review of future documents that are produced to implement this proposal. Let me know if you have any questions.

Good afternoon,

Good afternoon,

OSC is requesting OCC's review of the attached memo, "*Approval for a Revised Enhanced Behavior Detection Concept of Operations for New and Existing Pilot Sites*"? It has been signed by OSC AA Kelly Hoggan and is awaiting OCC's review before going to Mr. Pistole.

Thank you
